LOCAL NOTICE TO MARINERS

District: 1

Week: 43/16

COASTAL WATERS FROM EASTPORT, MAINE TO SHREWSBURY, NEW JERSEY

NOTES:

- (1) Unless otherwise indicated, missing and destroyed structures are presumed to be in the immediate vicinity of assigned position. Mariners should proceed with caution.
- (2) The Local Notice to Mariners is a weekly edition.
- (3) Inquiries, published articles or Information: mail to: LNM@uscg.mil
- (4) The U.S. Coast Pilot supplements the navigational information shown on nautical charts.
- (5) The Coast Pilot, along with its corrections, are available online at <http://www.nauticalcharts.noaa.gov/nsd/cpdownload.htm>.

The Local Notice to Mariners is available online at <http://www.navcen.uscg.gov/?pageName=InmDistrict®ion=1>
 The updated 2016 Light List is available online at: <http://www.navcen.uscg.gov/?pageName=lightListWeeklyUpdates>
 Information on Private Aids to Navigation is available at: <http://www.uscg.mil/d1/prevention/NavInfo/navinfo/paton.htm>
 Reports of Channel conditions can be found at the Army Corps of Engineers website at:
<http://www.nan.usace.army.mil/Missions/Navigation/ControllingDepthReports.aspx> .
 NOAA Tides and Currents can be found at: <http://tidesandcurrents.noaa.gov/> .

The United States Coast Guard Navigation Information Service (NIS), operated by the USCG Navigation Center, is staffed 24 hours a day, 7 days a week. The NIS provides information on the current operational status, effective policies, and general information for GPS and DGPS. The NIS also disseminates Safety Broadcasts (BNM), Local Notice to Mariners (LNM), and the latest Notice Advisory to Navstar Users (NANU). NANU notices can be obtained via email subscription through the USCG Navigation Center website: <http://cgls.uscg.mil/mailman/listinfo/nanu> . In addition, the NIS investigates all reports of degradation or loss of GPS, DGPS or AIS service. Users are encouraged to report all degradation or loss of radio navigation services to the NIS via any of the following: Phone: (703) 313-5900, mail to: tis-sg-nisws@uscg.mil , or on the internet at: <http://www.navcen.uscg.gov> .

PLEASE IMMEDIATELY REPORT DISCREPANCIES IN AIDS TO NAVIGATION TO THE NEAREST COAST GUARD UNIT

COMMANDER, FIRST COAST GUARD DISTRICT (dpw)
 408 Atlantic Avenue, Boston, Massachusetts 02110-3350
 Telephone: (617) 223-8356
 24 Hour FAX: (617) 223-8291
<http://www.uscg.mil/d1/prevention/Marineinfo/regulations.asp>

All bearings are in degrees TRUE - All times are in Local Time unless otherwise noted.

ABBREVIATIONS

A through H

ADRIFT - Buoy Adrift
 AICW - Atlantic Intracoastal Waterway
 AI - Alternating
 B - Buoy
 BKW - Breakwater
 bl - Blast
 BNM - Broadcast Notice to Mariner
 bu - Blue
 C - Canadian
 CHAN - Channel
 CGD - Coast Guard District

I through O

I - Interrupted
 ICW - Intracoastal Waterway
 IMCH - Improper Characteristic
 INL - Inlet
 INOP - Not Operating
 INT - Intensity
 ISL - Islet
 Iso - Isophase
 kHz - Kilohertz
 LAT - Latitude
 LB - Lighted Buoy

P through Z

PRIV - Private Aid
 Q - Quick
 R - Red
 RACON - Radar Transponder Beacon
 Ra ref - Radar reflector
 RBN - Radio Beacon
 REBUILT - Aid Rebuilt
 RECOVERED - Aid Recovered
 RED - Red Buoy
 REFL - Reflective
 RRL - Range Rear Light

C/O - Cut Off	LBB - Lighted Bell Buoy	RELIGHTED - Aid Relit
CONT - Contour	LHB - Lighted Horn Buoy	RELOC - Relocated
CRK - Creek	LGB - Lighted Gong Buoy	RESET ON STATION - Aid Reset on Station
CONST - Construction	LONG - Longitude	RFL - Range Front Light
DAYMK/Daymk - Daymark	LNM - Local Notice to Mariners	RIV - River
DBN/Dbn - Daybeacon	LT - Light	RRASS - Remote Radio Activated Sound Signal
DBD/DAYBD - Dayboard	LT CONT - Light Continuous	s - seconds
DEFAC - Defaced	LTR - Letter	SEC - Section
DEST - Destroyed	LWB - Lighted Whistle Buoy	SHL - Shoaling
DISCON - Discontinued	LWP - Left Watching Properly	si - silent
DMGD/DAMGD - Damaged	MHz - Megahertz	SIG - Signal
ec - eclipse	MISS/MSNG - Missing	SND - Sound
EST - Established Aid	Mo - Morse Code	SPM - Single Point Mooring Buoy
ev - every	MRASS - Marine Radio Activated Sound Signal	SS - Sound Signal
EVAL - Evaluation	MSLD - Misleading	STA - Station
EXT - Extinguished	N/C - Not Charted	STRUCT - Structure
F - Fixed	NGA - National Geospatial-Intelligence Agency	St M - Statute Mile
fl - flash	NO/NUM - Number	TEMP - Temporary Aid Change
Fl - Flashing	NOS - National Ocean Service	TMK - Topmark
G - Green	NW - Notice Writer	TRLB - Temporarily Replaced by Lighted Buoy
GIWW - Gulf Intracoastal Waterway	OBSCU - Obscured	TRLT - Temporarily Replaced by Light
HAZ - Hazard to Navigation	OBST - Obstruction	TRUB - Temporarily Replaced by Unlighted Buoy
HBR - Harbor	OBSTR - Obstruction	USACE - Army Corps of Engineers
HOR - Horizontal Clearance	Oc - Occulting	W - White
HT - Height	ODAS - Anchored Oceanographic Data Buoy	Y - Yellow

Additional Abbreviations Specific to this LNM Edition:

SNNE- U.S. Coast Guard Sector Northern New England
 SBOS- U.S. Coast Guard Sector Boston
 SENE- U.S. Coast Guard Sector Southeastern New England
 SLIS- U.S. Coast Guard Sector Long Island Sound
 SNEW- U.S. Coast Guard Sector New York

AIS - Automatic Identification System
 AtoN - Aids to Navigation
 LLNR - Light List Number
 NM - Nautical Mile

SECTION I - SPECIAL NOTICES

This section contains information of special concern to the Mariner.

NOTICE TO ALL PRIVATE BOATS AT SEA

United States laws and regulations require that ALL private boats arriving from a foreign port or place MUST report to the Bureau of Customs and Border Protection IMMEDIATELY upon their arrival into the United States. Every person entering the United States must be seen in person for immigration purposes by a Customs and Border Protection officer, except those participating in the I-68 -Canadian Border Boat Landing Program-. However, holders of form I-68 are still required to report their arrival into the United States to the Bureau of Customs and Border Protection. Masters and passengers must provide proof of citizenship or legal immigration status, and be in possession of a valid passport and visa, if required. Citizens of countries that are participants in the Visa Waiver Program are not eligible to seek admission to the United States under that program via private vessel. Once your boat is anchored or tied, you are considered to have entered the United States. No one may leave the vessel until Customs and Border Protection grants permission. The only exception to this requirement is to report arrival. In order to fulfill the requirement to immediately report a private boat arrival, the master of the vessel must contact the nearest Customs and Border Protection Office, or if the arrival occurs after business hours, the nearest 24 hour port of entry. Upon reporting, you may be required to proceed to a staffed port for inspection by Customs and Border Protection. Failure to comply with these requirements could result in serious criminal and civil penalties, including seizure of the boat. International mariners are urged to report any suspicious or illegal activity to the Bureau of Customs and Border Protection at 1-800-BE-ALERT.

LNM 09/15

NY/NJ – OPERATION CLEAR CHANNEL IN THE PORT OF NY/NJ

The Operation Clear Channel program is designed to educate boaters about the hazards of operating small vessels and personal watercraft in the confines of navigational channels used by larger commercial ships. Federal Navigation Rules, also known as the "Rules of the Road", address this safety concern by giving commercial vessels priority, or right-of-way, over smaller vessels when navigating in narrow channels. An average of 1,400 commercial vessels navigate the waters of the Port of NY/NJ every day and the masters of these vessels, while always on the lookout,

cannot always see smaller vessels operating within the channels.

Recreational boaters should keep a sharp lookout and always be prepared to give way to ships constrained in their ability to maneuver, especially when operating within close proximity of a channel. U.S. Coast Guard units in New York and New Jersey actively promote boater awareness through vessel enforcement patrols and visits to local marinas. The U.S. Coast Guard focuses Operation Clear Channel efforts on high-traffic regions, such as Ambrose Channel, Sandy Hook Channel and Raritan Bay, but patrols all of New York Harbor in an effort to promote awareness. Mariners interested in increasing their knowledge of boating safety, including the "Rules of the Road", should consider a U.S. Coast Guard Auxiliary boating safety course. Course information is available online at <http://www.cgaux.org> in the "Take a Boating Course" section, or by calling 1-800-336-BOAT. Further information can be found at <http://thesafeharbor.us/index.html>

LNM 02/15

SAFE BOATING VIDEO FOR THE PORT OF NY & NJ

This free online educational resource for safe boating in the Port of NY & NJ is a cooperative effort by the I BOAT NJ program through NJ DOT and U.S. Coast Guard Sector New York. The project contains a feature length 26 minute safety video describing the challenges of the multi user Port environment and 5 sub chapters: Paddlers, Motor Boaters, Sailors, Pilots and Operation Clear Channel. Its mission is to increase safety and awareness in the Port and its target is recreational boaters who transit and operate in the Port. It can be found online at <http://thesafeharbor.us/index.html>. Please distribute far and wide.

LNM 07/15

US NOTICE TO MARINERS (NTM)

The US Notice to Mariners provides timely marine safety information for the correction of all US Government navigation charts and publications from a wide variety of sources both foreign and domestic. To ensure the safety of life at sea, the information published in the Notice to Mariners is designed to provide for the correction of unclassified nautical charts, the Unclassified NGA/DLIS Catalog of Hydrographic Products, United States Coast Pilots, NGA List of Lights, USCG Light Lists, and other related nautical publications produced by NGA, NOS and the U.S. Coast Guard. The US Notice to Mariners will contain only those chart corrections of interest to ocean going vessels. It is available online at http://msi.nga.mil/NGAPortal/MSI.portal?nfpb=true&pageLabel=msi_portal_page_61. NTM 01 – Special Paragraphs includes information on: America's Waterway Watch program asking those who work, live, or recreate on or near the water to be aware of suspicious activity, The Prudent Mariner and the use of floating Aids to Navigation, and Northern Right Whales.

LNM 07/15

MARINER ALERT-SHIP/WHALE COLLISIONS

Collisions between vessels and whales are a threat to a number of endangered large whale species – most notably, the right whale. The United States has established measures to reduce this threat. A vessel speed restriction requires that vessels 65 feet or greater in length travel 10 knots or less in certain areas and on a rolling basis at certain times where endangered right whales may be present: http://www.fisheries.noaa.gov/pr/pdfs/shipstrike/compliance_guide.pdf). This rule applies within 20 nautical miles around all major ports and in other locations along the U.S. eastern seaboard. Temporary voluntary speed limits also may be imposed in other areas when an aggregation of three or more right whales is confirmed. In addition, ships 300 gt and greater are required to report their location and speed to a USCG shore station in certain prescribed areas: <http://www.nmfs.noaa.gov/pr/shipstrike/msr.htm>. A computer-based interactive guide and training resource for mariners is available at: <http://www.greateratlantic.fisheries.noaa.gov/shipstrike/doc/mtr.html>. The guide provides information on endangered whales, recommended navigational actions when operating in whale habitat, a guide to reporting sightings of dead or injured right whales, and related information. Additional steps mariners can take to help reduce the chances of hitting a right whale can be found at: http://www.nero.noaa.gov/shipstrike/doc/guidelines%20placard_high.pdf.

LNM 02/15

SECTION II - DISCREPANCIES

This section lists all reported and corrected discrepancies related to Aids to Navigation in this edition. A discrepancy is a change in the status of an aid to navigation that differs from what is published or charted.

SECTION IV - CHART CORRECTIONS

This section contains corrections to federally and privately maintained Aids to Navigation, as well as NOS corrections.

This section contains corrective actions affecting chart(s). Corrections appear numerically by chart number, and pertain to that chart only. It is up to the mariner to decide which chart(s) are to be corrected. The following example explains individual elements of a typical chart correction.

Chart Number	Chart Edition	Edition Date	Last Local Notice to Mariners	Horizontal Datum Reference	Source of Correction	Current Local Notice to Mariners
12327	91st Ed.	19-APR-97	Last LNM: 26/97	NAD 83		27/97
Chart Title: NY-NJ-NEW YORK HARBOR - RARITAN RIVER						
Main Panel 2245 NEW YORK HARBOR						
(Temp)	ADD	NATIONAL DOCK CHANNEL BUOY 3			CGD01 at 40-41-09.001N	074-02-48.001W
	Corrective Action	Green can	Object of Corrective Action		Position	

(Temp) indicates that the chart correction action is temporary in nature. Courses and bearings are given in degrees clockwise from 000 true. Bearings of light sectors are toward the light from seaward. The nominal range of lights is expressed in nautical miles (NM) unless otherwise noted.

<u>Approved Project(s)</u>	<u>Project Date</u>	<u>Ref. LNM</u>
None		

Advance Notice(s)

CT and NY-LONG ISLAND SOUND (Connecticut and New York)-LONG ISLAND SOUND (Western Part) (Chart 12363)

The U.S. Coast Guard is will be making the following changes to Aids to Navigation to this waterway on or about 28 October 2016:

Eatons Neck Light (LLNR 21325)

Discontinue the sound signal.

Reduce the nominal range of the light from 17NM to 14NM.

Charts: 12363 12364 12365

LNM: 16/16

SECTION VI - PROPOSED CHANGES

Periodically, the Coast Guard evaluates its system of aids to navigation to determine whether the conditions for which the aids to navigation were established have changed. When changes occur, the feasibility of improving, relocating, replacing, or discontinuing aids are considered. This section contains notice(s) of non-approved, proposed projects open for comment. SPECIAL NOTE: Mariners are requested to respond in writing to the District office unless otherwise noted (see banner page for address).

PROPOSED WATERWAY PROJECTS OPEN FOR PUBLIC COMMENT

Proposed Change Notice(s)

NY-HUDSON RIVER-KINGSTON-YONKERS-ANCHORAGE GROUNDS (REVISED)

SUMMARY: The Coast Guard is considering establishing new anchorage grounds in the Hudson River from Yonkers, NY, to Kingston, NY. We are considering this action after receiving requests suggesting that anchorage grounds may improve navigation safety along an extended portion of the Hudson River, which currently has no anchorage grounds, allowing for a safer and more efficient flow of vessel traffic. The Coast Guard is seeking comments and information about the operational need for new anchorage grounds and what form possible regulations should take.

DATES: Comments and related material must be received by the Coast Guard on or before December 6, 2016.

ADDRESSES: You may submit comments identified by docket number USCG-2016-0132 using the Federal eRulemaking Portal at <http://www.regulations.gov>. See the "Public Participation and Request for Comments" portion of the

SUPPLEMENTARY INFORMATION section for further instructions on submitting comments.

FOR FURTHER INFORMATION CONTACT: If you have questions on this document,

call or email Mr. Craig Lapiejko, Waterways Management Branch at Coast Guard First District, telephone 617-223-8351, email craig.d.lapiejko@uscg.mil.

CT- LONG ISLAND SOUND (Connecticut) - First District- BODKIN ROCK TO HARTFORD (Chart 12377)-CONNECTICUT RIVER

The U.S. Coast Guard is considering making the following changes to Aids to Navigation to this waterway:

DISESTABLISH the following ranges on the Connecticut River:

Connecticut River Range C (LLNR 23270/23275)
Connecticut River Range D (LLNR 23025/23030)
Connecticut River Range E (LLNR 23165/23170)
Connecticut River Range G (LLNR 23220/23225)
Connecticut River Range J (LLNR 23270/23275)

CHANGE Connecticut River Range D Front Light (LLNR 23025) to Connecticut River Light 67 (LLNR 23225) Quick Green flashing light with green dayboards.

CHANGE Connecticut River Range E Front Light 102 (LLNR 23165) to Connecticut River Light 102 (LLNR 23165) Red 2.5s flashing light with red dayboards.

CHANGE Connecticut River Range G Front Light 116 (LLNR 23220) to Connecticut River Light 116 (LLNR 23220) Red 2.5s flashing light with red dayboards.

Interested Mariners are strongly encouraged to comment on this proposal in writing, either personally or through their organization. All comments will be carefully considered and are requested prior to 24 Feb 2017 to complete the process. In order to most effectively consider your feedback and improve or data collection when responding to this proposal, please include size and type of vessel, recreational or commercial, and distance from aid that you start looking for it, and if and how you use the signal. Please do not call the Coast Guard via telephone or other means, only written responses to this proposal will be accepted. Refer to Project No. 01-16-141. E-mail can be sent to: D01-SMB-DPWPUBLICCOMMENTS@USCG.MIL.

NY-SHINNECOCK BAY TO EAST ROCKAWAY INLET (Chart 12352)-MORICHES INLET

The U.S. Coast Guard is considering making the following changes to these waterways:

CHANGE the seasonal status from Remove When Endangered By Ice., to "Maintained from Apr. 15 to Dec. 1"

Moriches Inlet West Cut Buoy 4W (LLNR 29106) Moriches Inlet West Cut Buoy 4W (LLNR 29106.1)
Moriches Inlet West Cut Buoy 4W (LLNR 29106.2)

Moriches Inlet East Cut Buoy 3E (LLNR 29107) Moriches Inlet East Cut Buoy 5E (LLNR 29107.1)
Moriches Inlet East Cut Buoy 7E (LLNR 29107.2) Moriches Inlet East Cut Buoy 9E (LLNR 29107.3)
Moriches Inlet East Cut Buoy 11E (LLNR 29108)

Interested Mariners are strongly encouraged to comment on this proposal in writing, either personally or through their organization. All comments will be carefully considered and are requested prior to 09 Dec 2016 to complete the process. In order to most effectively consider your feedback and improve or data collection when responding to this proposal, please include size and type of vessel, recreational or commercial, and distance from aid that you start looking for it, and if and how you use the signal. Please do not call the Coast Guard via telephone or other means, only written responses to this proposal will be accepted. Refer to Project No. 01-16-173. E-mail can be sent to: D01-SMB-DPWPUBLICCOMMENTS@USCG.MIL.

NY-SHINNECOCK BAY TO EAST ROCKAWAY INLET (Chart 12352)-OAK ISLAND CHANNEL

The U.S. Coast Guard is considering making the following changes to these waterways:

CHANGE the seasonal status from Maintained from Apr. 1 to Nov. 15, to "Remove When Endangered By Ice."

Oak Island Channel Junction Light SO (31380)

Interested Mariners are strongly encouraged to comment on this proposal in writing, either personally or through their organization. All comments will be carefully considered and are requested prior to 09 Dec 2016 to complete the process. In order to most effectively consider your feedback and improve or data collection when responding to this proposal, please include size and type of vessel, recreational or commercial, and distance from aid that you start looking for it, and if and how you use the signal. Please do not call the Coast Guard via telephone or other means, only written responses to this proposal will be accepted. Refer to Project No. 01-16-170. E-mail can be sent to: D01-SMB-DPWPUBLICCOMMENTS@USCG.MIL.

NY-SHINNECOCK BAY TO EAST ROCKAWAY INLET (Chart 12352)-SHINNECOCK BAY

The U.S. Coast Guard is considering making the following changes to these waterways:

CHANGE the seasonal status from Maintained from Apr. 15 to Nov. 1, to "Remove When Endangered By Ice."

Quantuck Canal Light 7 (LLNR 30565) Quantuck Canal Light 12 (LLNR 30585)

Interested Mariners are strongly encouraged to comment on this proposal in writing, either personally or through their organization. All comments will be carefully considered and are requested prior to 09 Dec 2016 to complete the process. In order to most effectively consider your feedback and improve or data collection when responding to this proposal, please include size and type of vessel, recreational or commercial, and distance from aid that you start looking for it, and if and how you use the signal. Please do not call the Coast Guard via telephone or other means, only written responses to this proposal will be accepted. Refer to Project No. 01-16-172. E-mail can be sent to: D01-SMB-DPWPUBLICCOMMENTS@USCG.MIL.

NY-SHINNECOCK BAY TO EAST ROCKAWAY INLET (Chart 12352)-STATE BOAT CHANNEL

The U.S. Coast Guard is considering making the following changes to these waterways:

CHANGE the seasonal status from Maintained from Apr. 1 to Nov. 15, to "Remove When Endangered By Ice."

State Boat Channel Light 42 (LLNR 31255) State Boat Channel Light 47 (LLNR 31265)
State Boat Channel Light 49 (LLNR 31275) State Boat Channel Light 68 (LLNR 31360)

Interested Mariners are strongly encouraged to comment on this proposal in writing, either personally or through their organization. All comments will be carefully considered and are requested prior to 09 Dec 2016 to complete the process. In order to most effectively consider your feedback and improve or data collection when responding to this proposal, please include size and type of vessel, recreational or commercial, and distance from aid that you start looking for it, and if and how you use the signal. Please do not call the Coast Guard via telephone or other means, only written responses to this proposal will be accepted. Refer to Project No. 01-16-171. E-mail can be sent to: D01-SMB-DPWPUBLICCOMMENTS@USCG.MIL.

MA-NEWBURYPORT HARBOR AND PLUM ISLAND SOUND (Chart 13282)-PLUM ISLAND SOUND

The U.S. Coast Guard is considering making the following changes to these waterways:

CHANGE the seasonal status from Permanent to "Maintained from Apr 15 to Oct 15."

Plum Island Sound Entrance Buoy 4 (LLNR 9310)
Plum Island Sound Entrance Buoy 6 (LLNR 9320)
Plum Island Sound Entrance Buoy 8 (LLNR 9325)
Plum Island Sound Entrance Buoy 8A (LLNR 9328)
Plum Island Sound Entrance Buoy 10 (LLNR 9330)
Plum Island Sound Entrance Buoy 11 (LLNR 9335)
Plum Island Sound Entrance Buoy 12 (LLNR 9345)

Interested Mariners are strongly encouraged to comment on this proposal in writing, either personally or through their organization. All comments will be carefully considered and are requested prior to 02 Dec 2016 to complete the process. In order to most effectively consider your feedback and improve or data collection when responding to this proposal, please include size and type of vessel, recreational or commercial, and distance from aid that you start looking for it, and if and how you use the signal. Please do not call the Coast Guard via telephone or other means, only written responses to this proposal will be accepted. Refer to Project No. 01-16-156. E-mail can be sent to:

LNM: 40/16

MA-BUZZARDS BAY (Chart 13230)-WESTPORT HARBOR APPROACH-Revised

The U.S. Coast Guard is considering making the following changes to aids to navigation in this waterway:

CHANGE Two Mile Rock Buoy 1 (LLNR 17445) to Westport Harbor Lighted Buoy 1 (LLNR 17445), Flashing Green 2.5 second using a larger 8 foot diameter buoy and relocate to approximate position 41-29-15.357N 071-04-04.414W (previous location of Westport Harbor Approach Lighted Bell Buoy WH).

PERMANENTLY DISESTABLISH Westport Harbor Approach Lighted Bell Buoy WH (LLNR 17440)

Your feedback is welcome and should be provided to Mr. Edward G. LeBlanc at 401-435-2351, or Edward.G.LeBlanc@uscg.mil by November 15, 2016. We will carefully consider all comments submitted and adjust our proposal if warranted. Only then will we begin to make on-the-water changes to aids to navigation. Refer to Project No. 01-16-098 when referencing this project.

SECTION VII - GENERAL

This section contains information of general concern to the Mariners. Mariners are advised to use caution while transiting these areas.

SUMMARY OF GENERAL PROJECTS STILL IN EFFECT

Enclosure

LNM: 31/16

MA- PLYMOUTH, KINGSTON AND DUXBURY HARBORS (Chart 13253)-GREEN HARBOR

The U.S. Coast Guard is conducting a Waterways Analysis and Management System Study on Green Harbor Waterway System. The study focuses on the existing aids to navigation system, waterborne commerce, marine casualty information, and future development projects. The purpose of this study is to determine the navigational requirements of vessels operating in this waterway. Individual operators and interested maritime industry representatives are requested to provide comment and feedback prior to January 20th, 2017.

Comments and feedback answering the below questions can be emailed to: D01-SG-SecBos-WWM@uscg.mil with Green Harbor WAMS as the subject line.

1. What special environmental conditions exist in this waterway? (Weather, current visibility, marine life, ect)?
2. What is the hardest part of navigating this waterway safely? (Sea conditions, shoaling, submerged hazards, vessel traffic etc.)?
3. Which aids to navigation do you feel are the most critical in your transits and why?
4. What, if anything would help you improve the safety of this transit?
5. Vessel Type:
6. Navigational Tools used:
7. Transit Frequency:
8. Please list any other organizations, groups, or individuals (including points of contact & email address) that might also be interested in these waterways
9. Open Comments/Information:

REOCCURRING EVENTS

NONE LISTED

UPPER NEW YORK BAY

(North of the Verrazano Bridge including Hudson River north to Whitehall Narrows, East River West of the Throgs Neck Bridge)

NY/NJ – UPPER BAY NEW YORK– NY HARBOR – Sailing Regatta

Mariners are advised that regattas are scheduled to be held on the NY Harbor, south of the Morris Canal to the Statue of Liberty, beginning **May 1, 2016** and continuing until **October 31, 2016**, between the hours of **9:00 a.m. and 5:00 p.m. on every Sunday and 6:00pm to 9:00pm on every Wednesday.** Approximately 10 sailboats 26 feet in length will participate in short-distance courses. Interested mariners may contact the Principal Race Officer on marine band radio channel 68 VHF-FM Chart 12327, 12335. LNM 17/16 (CGD1)

NY/NJ – UPPER NY BAY – LIBERTY ISLAND SAFETY ZONE – Fireworks Display

Mariners are advised that a fireworks display is scheduled to be held on Upper New York Bay within the Liberty Island Safety Zone, 33 CFR 165.160 (2.1): All waters of Upper New York Bay within a 360-yard radius of the fireworks barge located in approximate position 40°41'16.5" N, 074°02'23" W (NAD 1983), located in Federal Anchorage 20-C, about 360 yards east of Liberty Island. This Safety Zone will be enforced today **October 27, 2016 from 8:50 p.m. to 10:00 p.m.** for a fireworks display. The fireworks barge will have a sign on its port and starboard sides labeled FIREWORKS--DANGER--STAY AWAY to provide on scene notice that the Safety Zone will be enforced. Vessels may not enter, remain in, or transit through the Safety Zone during the enforcement period unless authorized by the Coast Guard Captain of the Port or designated Coast Guard patrol personnel on scene. Other Federal, State and local agencies may assist these personnel in the enforcement of the Safety Zone. Chart 12327, 12334, 12335. LNM 43/16

NY – HUDSON RIVER – Poughkeepsie, NY– Fireworks Display

Mariners are advised that a fireworks display is scheduled to be held within the waters of the Hudson River on **October 28, 2016, from 8:30 p.m. to 9:30 p.m.** The display will be shot from a barge located in the Hudson River between the Shadows Marina and Mid-Hudson Bridge, Poughkeepsie, NY. Charts 12347. LNM 43/16

NY – HUDSON RIVER – NEW YORK CITY, PIER 81, NY– Fireworks Display

Mariners are advised that a pyrotechnic display is scheduled to be held within the waters of the Hudson River on **October 28, 2016, from 9:00 p.m. to 9:05 p.m.** The display will be located in the Hudson River, on Pier 81, NYC. Charts 12335. LNM 43/16

NY – HUDSON RIVER – PIER 76 - MANHATTAN, NY– Fireworks Display

Mariners are advised that a fireworks display is scheduled to be held within the waters of the Hudson River on **November 8, 2016, from 11:00 p.m. to 12:30 a.m.** The display will be shot from a barge located in the Hudson River between the 34th and 40th Street, Manhattan, NY. MAINE – PENOBSCOT RIVER – Bridge Replacement – Construction to the Route 155/6 Bridge across the Penobscot River is in progress. There will not be any obstruction in the navigation channel. All work will be from the temporary trestle located outside the navigation channel. This work will be completed by **December 2017**. Mariners should use caution when transiting the area.
Charts 13309 LNM 43/16 (CGD1)

MAINE – ST GEORGE RIVER – Bridge Replacement – Construction to the Wadsworth Street Bridge across St George River is in progress. There will be a construction barge positioned up stream of the bridge. A clear path for small boat traffic will be maintained throughout the project. Contractor hours will be 7 a.m. to 5 p.m. daylight hours Monday through Friday. The contractor can be contacted at 207-594-9565. This work will be completed by **June 2017**. Mariners should use caution when transiting the area.
Charts 13301 LNM 43/16 (CGD1)

MAINE – KENNEBUNK RIVER – Bridge Replacement – Construction to the Matthew J. Lanigan Route 9 Bridge across Kennebunk River will commence on **October 10, 2016** and continue through **May 24, 2017**. Contractor hours will be 7 a.m. to 5 p.m. daylight hours Monday through Friday. Information concerning the project can be directed to Maine DOT John P. Auger at 207-592-7816. Mariners should use caution when transiting the area.
Charts 13286 LNM 43/16 (CGD1)

MAINE AND NEW HAMPSHIRE – PORTSMOUTH TO DOVER AND EXETER – PISCATAQUA RIVER – Bridge Construction – Bridge construction to replace the Sarah M. Long Bridge commenced on **December 2014** between Portsmouth, New Hampshire and Kittery, Maine and will continue through **May 2019**. Barges will be located at the bridge in various locations throughout the project. A Regulated Navigation Area surrounding the Bridge is currently in place and information on the area can be directed to USCG Sector Northern New England at 207-347-5015. Any questions concerning the bridge construction project should be directed to Mr. Kaven Philbrook, the project manager with Cianbro at 207-487-3311 or Mr. Ronald Taylor, ME DOT Resident Engineer at 207-446-2885. For information about the Regulated Navigation Area in the vicinity of the Sarah M. Long Bridge contact the Coast Guard at NNewaterways@uscg.mil or view the document, docket number USCG-2014-0554 at www.regulations.gov. Mariners should exercise caution while transiting the area.
Chart 13285 LNM 43/16(CGD1)

MASSACHUSETTS – NEWBURYPORT HARBOR AND PLUM ISLAND SOUND – MERRIMACK RIVER – Bridge Construction – Construction of the new Whittier I-95 Bridge across the Merrimack River, mile 6.0, between Newburyport and Amesbury, Massachusetts will continue through the **fall of 2016**. Tug and barges used for the construction will be operating in both the Federal and Steamboat Channels. The two channels will remain open at all times; however, they will be reduced in horizontal width to allow for construction of the bridge. The main Federal channel will be reduced to approximately 145 feet in width and the Steamboat channel will be reduced to approximately 86 feet in width. Both channels will be marked by day boards on temporary steel support structures located on the edge of the reduced channel and with quick flashing red lights during times of reduced visibility. It is recommended that vessel traffic hail the tug Katahdin via VHF-FM Channel 16 or 13 before transiting the bridge. Mariners are urged to transit at the slowest safe speed to minimize wake and should proceed with caution when transiting the area.
Chart 13282 LNM 43/16 (CGD1)

MASSACHUSETTS – BOSTON HARBOR – CHARLES RIVER – Bridge Construction – Bridge construction is ongoing and will continue through **May 30, 2017**, at the Longfellow Bridge across the Charles River, mile 1.5, between Boston and Cambridge, Massachusetts. Work barges will be deployed at various locations outside the main navigation channel rehabilitating the support piers. Working hours are 6 a.m. to 5 p.m. Monday through Saturday. Questions should be directed to the contractor, J.F. White, Mr.

Greg Labrum, via land line at 508-879-4700 or cell phone at 617-719-7150. Mariners should exercise caution when transiting the work area.

Chart 13272 LNM 43/16 (CGD1)

MASSACHUSETTS – BOSTON INNER HARBOR – CHARLES RIVER – Bridge Rehabilitation – Construction to the Anderson Memorial Bridge, mile 5.1, Charles River is in progress. There are barges operating in the navigation channel. Mariners can contact Massachusetts DOT Resident Engineer Mr. Roderick Connelly at 617-981-2564 for the barge locations. Spans may be closed for repairs while others remain open. The project will be completed by **June 2017**. Mariners should use caution when transiting the area.

Chart 13272 LNM 43/16 (CGD1)

MASSACHUSETTS – BOSTON INNER HARBOR – CHARLES RIVER – Bridge Repairs – Masonry repairs to the Eliot Bridge, mile 5.9, Charles River are ongoing. There will be barges operating in the navigation channels throughout the project. At least one channel will remain clear at all times. Mariners can contact the contractor at 617-212-2565 for the barge locations. Mariners should use caution when transiting the area.

Chart 13272 LNM 43/16 (CGD1)

MASSACHUSETTS - BOSTON HARBOR - WEYMOUTH - FORE RIVER - Bridge Construction – Bridge construction at the new Route 3A highway bridge, mile 0.0, across the Weymouth Fore River between Quincy and Weymouth, Massachusetts is ongoing and will continue through **March 2017**. The new span and the temporary span will open per regulation except for announced closures necessary for the construction of the bridge. Work vessels may be present from time to time and can be contacted on VHF-FM Channel 13 or by calling the contractor Mr. Jim Jones at 617-719-7174. Mariners should check for current Safety Marine Information Broadcasts and exercise caution while transiting the area.

Chart 13270 LNM 43/16 (CGD1)

MASSACHUSETTS - OAK BLUFFS HARBOR – LAGOON POND – Bridge Construction/Channel Closure – Massachusetts Department of Transportation (MASS DOT) is completing the new Beach Road drawbridge over Lagoon Pond in Martha's Vineyard, Massachusetts. The draw will open on signal from **September 16, 2016, through May 14, 2017** if at least twenty-four (24) hours advance notice is given by calling the number posted at the bridge (508-693-1212). Mariners are urged to use caution while navigating through the bridge. MASS DOT's project engineer is Mr. Michael McGrath who can be contacted at 508-884-4282. MASS DOT's contractor is The Middlesex Corporation. The contractor's on-scene workboats monitor VHF channels 13 and 16. Mr. Jamie Doyle, project manager for The Middlesex Corporation, can be reached at 617-306-8208 or through MV Central Communication bridge tender at 508-693-1212. Questions regarding navigation issues may be addressed to Mr. Edward G. LeBlanc at Coast Guard Sector Southeastern New England, 401-435-2351.

Chart 13237 LNM 43/16 (CGD1)

MASSACHUSETTS – NANTUCKET SOUND – BASS RIVER – Bridge Repairs – Bridge repairs are underway at the Route 28 Bridge mile 1.7, across the Bass River at Dennis-Yarmouth, Massachusetts and will continue through **November 30, 2016**. Normal working hours will be during daylight, Monday through Friday. No work is planned for the main navigation channel. A 20x50 and two 10x20 work barges will be in the vicinity of the bridge during the project. A 6 foot reduction in vertical clearance and 6 foot horizontal clearance reduction near bridge pilings will occur. Any questions concerning the bridge repairs should be directed to the contractor, SPS New England Inc., Mr. Dan Jolda at 774-696-2645. Mariners should exercise caution while transiting the area.

Chart 13229 LNM 43/16 (CGD1)

MASSACHUSETTS - HAVERILL - MERRIMACK RIVER - Bridge Rehabilitation - Construction on the Massachusetts Bay Transportation Authority (MBTA) Bridge in Haverhill, MA at mile 19.9 of the Merrimack River will commence on or about **June 18, 2016** and run through **November 2018** during spring to fall each year. Construction barges will be operating and stored in the navigation channels. Hours of construction operations are Monday through Friday between 6:30 a.m. and 5:00 p.m. The navigation channel will be reduced in width, but available at all times for navigation. Any questions concerning the bridge should be directed to the contractor, Cianbro Corporation, Mr. Brayden Sheive via land line at 207-553-6676. Mariners should exercise caution when transiting the area.

Chart 13282 LNM 43/16 (CGD1)

MASSACHUSETTS – BOSTON INNER HARBOR – MYSTIC RIVER – Bridge Repairs – Bridge repairs are underway at the Cradock Bridge mile 5.1, across the Mystic River at Boston, Massachusetts and will continue through **Fall 2018**. Working hours will be 7 a.m. to 3:30 p.m., Monday through Friday. The main channel will be open until October 24, 2016 when the channel will shift to the northern most span and will be relocated until the summer of 2018, a temporary bridge is in place with working floats and silt

booms in the area. Questions concerning the bridge should be directed to the contractor, Zoppo Corp, Mr. Andy Greenlaw at 617-839-9121. Mariners should exercise caution while transiting the area.

Chart 13272LNM 43/16 (CGD1)

MASSACHUSETTS – BEVERLY HARBOR – DANVERS RIVER – Bridge Construction – Construction on the Massachusetts Bay Transportation Authority (MBTA)/AMTRAK Bridge at mile 0.05 of the Danvers River will continue to **October 31, 2016**.

During this time, the north channel will be closed to vessel traffic. Vessels may use the south channel which is available for navigation through the draw. A harbormaster marine unit will be on scene and will monitor VHF Channel 13. Questions should be directed to the contractor, J.F. White. The project superintendent is Kevin Cole at 617-799-3070. Mariners should exercise caution when transiting the area.

Chart 13276 LNM 43/16 (CGD1)

RHODE ISLAND – NARRAGANSETT BAY – WICKFORD COVE – Bridge Rehabilitation – Construction on the Hussey Memorial Bridge Number 11 at mile 0.6 across Wickford Cove will continue through approximately **November, 2016**. Scaffolding is present under the bridge. Hours of construction are Monday through Friday between 7:00 a.m. and 9:00 p.m. Questions concerning the bridge should be directed to the contractor, The Aetna Bridge Company, Mr. David Struba at 401-663-2292. Mariners should exercise caution when transiting the area.

Chart 13223 LNM 43/16 (CGD1)

RHODE ISLAND – MASSACHUSETTS – NARRAGANSETT BAY – TAUNTON RIVER - Bridge Painting and Vertical Clearance Reduction – Cleaning and painting operations are underway at the I-195/Rt-79 (Braga Bridge) at mile 0.4, across the Taunton River between Fall River and Somerset, Massachusetts. Painting operations will continue through **July 2017**. A paint containment platform will be installed under the bridge beginning **February 21, 2014** reducing the vertical clearance by approximately 10 feet. The containment system will be in place through early **2017**. In addition, three work barges (124' x 62') (90' x 30') and (20' x 8') will be positioned at various locations outside the main navigation channel. Working hours will be 7 a.m. to 10 p.m., Monday through Friday. Mariners should exercise caution while transiting the area.

Chart 13221 LNM 43/16 (CGD1)

RHODE ISLAND - POINT JUDITH HARBOR - Bridge Replacement - Construction of the Great Island Road Bridge located approximately 0.85 miles above the mouth of Point Judith Pond is in progress. There will not be any obstruction in the navigation channel. Hours of construction are Monday through Friday between 7:00 a.m. and 3:30 p.m. This work is scheduled to be completed by **April 2017**. Mariners should exercise caution when transiting the area.

Charts 13219 LNM 43/16 (CGD1)

RHODE ISLAND - BARRINGTON RIVER - Bridge Construction – Construction of Central Bridge No. 182 (Massasoit Ave) across the Barrington River is in progress and will continue until **November, 2016**. A work boat, floats and divers are installing cathodic protection on pier piles. Mariners should exercise caution when transiting the area.

Chart 13221 LNM 43/16 (CGD1)

CONNECTICUT – LONG ISLAND SOUND – NIAN TIC RIVER – Bridge Replacement – Construction on the Route 1 Bridge across the Niantic River at mile 3.5 is in progress. A barge or floating dock shield will be operating IVO the bridge. A minimum of half of the navigation channel will be available during hours of operation. Mariners requiring full horizontal clearance can contact the contractor via marine radio VHF-FM CH 13/16. This project will be completed by **November 4, 2017**. Mariners are advised to exercise caution when transiting the area and proceed at a no wake speed.

Charts 13211 LNM 43/16 (CGD1)

CONNECTICUT – LONG ISLAND SOUND – NEW HAVEN HARBOR– MILL RIVER – Bridge Rehabilitation – Construction to the I-91 Bridge across Mill River is in progress. A quick deck will be installed on the side of the bridge piers and to stay in place for the duration of the project. This work is to be completed by **December 1, 2016**. Mariners are advised to transit the area with caution.

Chart 12371 LNM 43/16 (CGD1)

CONNECTICUT – LONG ISLAND SOUND – HOUSATONIC RIVER AND MILFORD HARBOR – HOUSATONIC RIVER – Bridge Replacement – Construction to the I-95 (Moses Wheeler) Bridge at mile 3.9 across Housatonic River between Milford and Stratford, Connecticut is in progress. An unobstructed 80ft of navigation channel is available at all times through **December 31, 2016**. The project will be completed by **March 2017**. Mariners are advised to transit the area with extreme caution and reduce wake.

Chart 12370 LNM 43/16 (CGD1)

CONNECTICUT – NEW HAVEN – HOUSATONIC RIVER – Reduction of Vertical Clearance – A transmission cable strung across the navigation opening of the Devon Bridge across the Housatonic River at mile 3.9 has reduced vertical clearance to 57 feet at Mean High Water when the draw is open. Mariners are advised to exercise caution when transiting through the draw.
Chart 12370 LNM 43/16 (CGD1)

CONNECTICUT – LONG ISLAND SOUND – NORWALK RIVER – Limited Openings – Emergency repairs to the Walk RR Bridge across the Norwalk River at mile 0.1 are in progress. The bridge will not open to marine traffic during daylight hours if the temperature measured on top of the bridge reaches 85 degrees F and higher. Night time openings will not be restricted beyond established hours of operation. Mariners are advised to contact the bridge operator at 203-363-5709 or 203-363-5710 for status and plan accordingly.
Chart 12368 LNM 43/16 (CGD1)

CONNECTICUT – LONG ISLAND SOUND – SHERWOOD POINT TO STAMFORD HARBOR – PEQUONNOCK RIVER – Bridge Outage – The East Washington Street Bridge across Pequonnock River at mile 0.6 is out of service due to electrical/mechanical systems were severely damaged by the Superstorm Sandy. Mariners are advised to plan their transits accordingly.
Chart 12369 LNM 43/16 (CGD1)

NEW YORK – LONG ISLAND SOUND – HEMPSTEAD HARBOR TO TALLMAN ISLAND – EASTCHESTER BAY – Bridge Replacement – Construction to the temporary City Island Bridge across Eastchester Creek at mile 2.2 is in progress. Barges are operating in and out of the navigable channel during construction. A minimum of 50ft horizontal clearance will be free of obstruction through the navigation channel at all times. Demolition of the existing bridge is in progress. Mariners can contact the Community Liaison Huascar Robles at 718-885-1247 extension 114 or hrobles@zetlin.com for any construction information. The entire project is scheduled to be completed by **June 1, 2017**. Mariners are advised to use the main navigation channel and reduce wake when transiting the area.
Chart 12366 LNM 43/16 (CGD1)

NEW YORK – LONG ISLAND SOUND – HEMPSTEAD HARBOR TO TALLMAN ISLAND – HUTCHINSON RIVER – Bridge Inspection – From October 26 to **October 27, 2016** between 8 a.m. and 3 p.m., a 20ft by 30ft “SM1” barge and tug Jerry will be operating IVO the Hutchinson River Parkway Bridge across Hutchinson River at mile 0.9 to perform bridge inspection. Mariners requiring full horizontal clearance can contact the contractor via marine radio VHF-FM Ch 13/16 or call 917-359-9395. Mariners are advised to exercise caution and reduce wake when transiting the area.
Chart 12366 LNM 43/16 (CGD1)

NEW YORK – SHINNECOCK BAY TO EAST ROCKAWAY INLET – HEMPSTEAD BAY - REYNOLDS CHANNEL – Installation of Submarine Cables – Construction to the Wreck Lead Railroad Bridge, mile 4.4, across Reynolds Channel, New York will commence on or about October 17, 2016. There are barges will be operating outside the navigation channel. There may be intermittent channel closures during installation of conduits across the waterway. Dates are to be determined. This project is to be completed by **November 30, 2016**. Mariners are advised to exercise caution when transiting the area.
Chart 12352 LNM 43/16 (CGD1)

NEW YORK – SHINNECOCK BAY TO EAST ROCKAWAY INLET – STATE BOAT CHANNEL – Notice of Temporary Deviation from Regulations – The Coast Guard has issued a temporary deviation from the regulation governing the operation of the Captree State Parkway (Robert Moses Causeway) Bridge at mile 30.7 across State Boat Channel at Captree Island, New York. Under this temporary deviation, the bridge will not open for marine traffic from September 6, 2016 to **December 16, 2016**. Vessels that can pass under the span without a bridge opening may do so at all times. Mariners are advised to plan accordingly.
Chart 12352 LNM 43/16 (CGD1)

NEW YORK – SHINNECOCK BAY TO EAST ROCKAWAY INLET – STATE BOAT CHANNEL – Painting, Steel Repairs, and Scour Monitor Installation – The construction to the Robert Moses Causeway Bridge across State Boat Channel at mile 30.7 will commence on August 15, 2016. Painting containment platform will be installed under the entire length of the bridge from September 6, 2016 to December 16, 2016. The platform will reduce the vertical clearance by 4 feet. Weeks barges will be operating IVO the navigational channel in December 2016. Mariners requiring full horizontal clearance can contact the contractor via marine radio VHF-FM CH 13/16. This project is to be completed by **December 16, 2016**. Mariners are advised to exercise caution when transiting through the area.
Chart 12352 LNM 43/16 (CGD1)

NEW YORK – SHINNECOCK BAY TO EAST ROCKAWAY INLET – FIRE ISLAND INLET – Bridge Inspection – Inspection of the Robert Moses Causeway across Fire Island Inlet, mile 4.0, will commence November 3, 2016. An under bridge inspection unit will be operated on top of the bridge to inspect the bridge between 8 a.m. and 4 p.m. Mariners requiring full vertical clearance may contact the contractor via marine radio VHF-FM CH 13/16. The project will be completed by **November 4, 2016**. Mariners are advised to use caution when transiting the area.
Chart 12352 LNM 43/16 (CGD1)

NEW YORK – SHINNECOCK BAY TO EAST ROCKAWAY INLET – HEMPSTEAD BAY – REYNOLDS CHANNEL – Underbridge Inspection Unit – From September 26, 2016 and **January 1, 2017** between 7 a.m. and 5 p.m., underbridge inspection unit will be operating under the Atlantic Beach Bridge, mile 0.4, across Reynolds Channel at Lawrence, New York. Mariners requiring full vertical clearance can contact the contractor via marine radio VHF-FM channel 13/16 or call 412-779-7989. Mariners are advised to exercise caution when transiting the area.
Chart 12352 LNM 43/16 (CGD1)

NEW YORK – SHINNECOCK BAY TO EAST ROCKAWAY INLET – FALSE CHANNEL – FUNDY CHANNEL – Scour Monitor Installation – Construction to the Meadowbrook State Parkway Bridges across False Channel at mile 0.0 and Fundy Channel at mile 2.7 are in progress. Barges will be operating IVO of the bridge. Mariners requiring full horizontal clearance can contact the contractor via marine radio VHF-FM CH 13/16 or call 631-394-9618.
This project is to be completed by **November 30, 2016**. Mariners are advised to exercise caution when transiting the area.
Chart 12352 LNM 43/16 (CGD1)

NEW YORK – SHINNECOCK BAY TO EAST ROCKAWAY INLET – SLOOP CHANNEL – Diving and Scour Monitor Installation – Diving and scour monitor installation at the Meadowbrook State Parkway Bridge across Sloop Channel at mile 12.8 will commence on July 22, 2016 and will not affect bridge operation. Weeks barges will be operating outside the navigational channel. This project is to be completed through **November 18, 2016**. Mariners are advised to use main navigation channel and exercise caution when transiting through the area.
Chart 12352 LNM 43/16 (CGD1)

NEW YORK – SHINNECOCK BAY TO EAST ROCKAWAY INLET – FALSE CHANNEL – Bridge Inspection – Inspection of the Meadowbrook State Parkway Bridge across False Channel, mile 0.7, will commence November 3, 2016. An under bridge inspection unit will be operated on top of the bridge to inspect the bridge between 8 am and 4 pm. Mariners requiring full vertical clearance may contact the contractor via marine radio VHF-FM CH 13/16. The project will be completed by **November 4, 2016**. Mariners are advised to use main navigation channel and exercise caution when transiting through the area.
Chart 12352 LNM 43/16 (CGD1)

NEW YORK – SHINNECOCK BAY TO EAST ROCKAWAY INLET – NARROW BAY – Bridge Inspection – Inspection of the William Floyd Parkway Bridge across Narrow Bay, mile 6.1, will commence November 1, 2016. An under bridge inspection unit will be operated on top of the bridge to inspect the bridge between 8 a.m. and 4 p.m. Mariners requiring full vertical clearance may contact the contractor via marine radio VHF-FM CH 13/16. The project will be completed by **November 3, 2016**. Mariners are advised to use caution when transiting the area.
Chart 12352 LNM 43/16 (CGD1)

NEW YORK – SHINNECOCK BAY TO EAST ROCKAWAY INLET – SHINNECOCK BAY – Bridge Inspection – Inspection of the Ponquogue Avenue Bridge across Shinnecock Bay, mile 78, will commence October 31, 2016. An under bridge inspection unit will be operated on top of the bridge to inspect the bridge between 8 a.m. and 4 p.m. Mariners requiring full vertical clearance may contact the contractor via marine radio VHF-FM CH 13/16. The project will be completed by **November 1, 2016**. Mariners are advised to use caution when transiting the area.
Chart 12352 LNM 43/16 (CGD1)

NEW YORK – SHINNECOCK BAY TO EAST ROCKAWAY INLET – LONG CREEK – Diving and Scour Monitor Installation – Diving and scour monitor installation at the Loop Parkway Bridge across Long Creek at mile 0.7 will commence on September 30, 2016 and will not affect bridge operation. Weeks barges will be operating outside the navigational channel. This project is to be completed through **March 30, 2017**. Mariners are advised to use main navigation channel and exercise caution when transiting through the area.
Chart 12352 LNM 43/16 (CGD1)

NEW YORK – JAMAICA BAY AND ROCKAWAY INLET – ROCKAWAY INLET – JAMAICA BAY – Notice of Temporary Deviation – The Coast Guard has issued a temporary deviation from the regulation governing the operation of the Gil

Hodges (Marine Parkway) Bridge across Jamaica Bay at mile 3.0. Under this temporary deviation, the bridge may remain in the closed position from 7 a.m. on October 17, 2016 through 5 p.m. on **October 28, 2016** in order to replace the guide rollers. Vessels that can pass under the draw without a bridge opening may do so at all times. Mariners are advised to plan their transits accordingly. Chart 12350 LNM 43/16 (CGD1)

NEW YORK – SHINNECOCK BAY TO EAST ROCKAWAY INLET – HEMPSTEAD BAY – REYNOLDS CHANNEL – Bridge Painting/Deck Replacement – Construction to the Atlantic Beach Bridge across Reynolds Channel, mile 0.4, at Lawrence, New York is in progress. Painting work platforms will be installed under the north/south approach and flanking spans through June 2, 2017. The vertical clearance under the north/south approach and flanking spans will not exceed 4.5ft below low steel. The painting work platforms will be installed under the bascule spans from November 4, 2016 to January 4, 2018. The vertical clearance under the bascule spans will not exceed 2.5ft below low steel. The platforms will not affect the operation of the bridge. This project will be completed by January 10, 2018. Mariners are advised to exercise caution when transiting the area. Chart 12352 LNM 43/16 (CGD1)

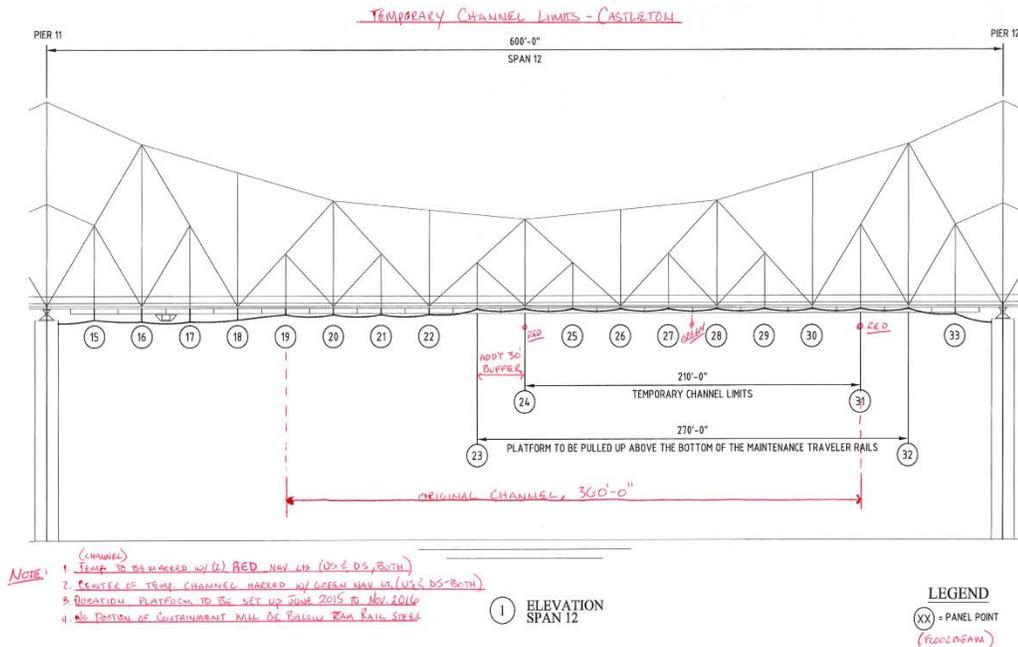

NEW YORK – JAMAICA BAY AND ROCKAWAY INLET – ROCKAWAY INLET – JAMAICA BAY – Notice of Temporary Deviation – The Coast Guard has issued a temporary deviation from the regulation governing the operation of the Gil Hodges (Marine Parkway) Bridge across Jamaica Bay at mile 3.0. Under this temporary deviation, the bridge may remain in the closed position from 7 a.m. on November 15, 2016 through 5 p.m. on **May 13, 2017** in order to replace the guide rollers. Vessels that can pass under the draw without a bridge opening may do so at all times. Mariners are advised to plan their transits accordingly. Chart 12350 LNM 43/16 (CGD1)

NEW YORK – JAMAICA BAY AND ROCKAWAY INLET – ROCKAWAY INLET – JAMAICA BAY – Corrective Maintenance Repairs – Repairs to the Cross Bay Blvd Bridge across Jamaica Bay at mile 10.0 will commence on September 6, 2016. All work will be done on top of the bridge. This project will be completed by **November 30, 2016**. Mariners are advised to exercise caution when transiting the area. Chart 12350 LNM 43/16 (CGD1)

NEW YORK – JAMAICA BAY AND ROCKAWAY INLET – MILL BASIN – Bridge Replacement - Replacement of the Shore (Belt) Parkway Bridge across Mill Basin at mile 0.8 is in progress. Barges are operating in and out of the navigable channel during construction. A minimum of 65ft horizontal clearance will be free of obstruction through the navigation channel at all times. Welding (hot work) will be performed on the bridge deck grating between Monday and Friday during nighttime hours. Barge placement is authorized through **February 20, 2017**. Mariners can contact the Community Liaison at 347-702-6430 extension 114 or cell 347-203-9530 for any construction information. This project is scheduled to be completed by **February 13, 2021**. Mariners are advised to plan ahead and transit the area with extreme caution. Chart 12350 LNM 43/16 (CGD1)

NEW YORK – JAMAICA BAY AND ROCKAWAY INLET – GERRITSEN INLET – Bridge Replacement - Replacement of the Shore (Belt) Parkway Bridge across Gerritsen Inlet at mile 0.0 is in progress. A barge measuring 110ft by 50ft will be in the navigation channel through September 20, 2016. A minimum of 65ft horizontal clearance will be free of obstruction through the navigation channel at all times. COTP authorized 10 minutes channel closures from September 11, 2016 to **September 20, 2016** during erection of the center girders. Mariners can contact the NYC Community Liaison Michael Heller at 347-702-6430 extension 114 or cell 347-203-9530 for any construction information. This project is scheduled to be completed by **October 30, 2017**. Mariners are advised to plan ahead and transit the area with extreme caution. Chart 12350 LNM 43/16 (CGD1)

NEW YORK – HUDSON RIVER– UPPER HUDSON RIVER – Bridge Painting – Painting of the Castleton on the Hudson Bridge across the Hudson River at mile 135.7 is in progress. Installation of temporary scaffolding under the bridge will commence on or about 2nd week of June reducing the vertical clearance under the scaffolding by approx. 6 feet. However a temporary 210 foot channel will be provided and it will be marked by two red margins of channel lights and a green center of channel navigational lights on both the up and downstream sides of the bridge. The 210 foot navigational channel will be free and clear of any obstructions at all times for passage of large vessels. Orange day mark will be installed to mark the margin of channel. Vessel with air draft of 125 or higher are requested to notify the bridge at the same number for the duration of the project. This project is estimated to be completed by **November 2016**. For up to date information contact the NYS Thruway authority Resident Engineer Mr. Tim Mastro at (518) 337-7231 or Mr. Wall Werner at (518) 755-0231. For emergency 24/7 contact NYS Thruway Communication at (866) 691-8282.

Mariners are advised to exercise caution and reduce wake when transiting the area.
Chart 12343 LNM 43/16 (CGD1)

NEW YORK – HUDSON RIVER– UPPER HUDSON RIVER – Bridge Fender Repair – Fender repair to the Castleton on the Hudson Bridge across the Hudson River at mile 135.7 is in progress. A barge measuring 40ft X120 will be operating in the east fender system. Mariners requiring the full horizontal clearance of the channel to provide a three hours advance notice to have the barge move out of the navigational channel. Please call John Spring at 518-528-4251, Bob Altieri 518-528-3933 and Jay Ryan at 518-376-5329. This project is expected to be completed by **November 4, 2016**.

For up to date information contact the NYS Thruway authority Resident Engineer Mr. Tim Mastro at (518) 337-7231 or Mr. Wall Werner at (518) 755-0231. For emergency 24/7 contact NYS Thruway Communication at (866) 691-8282.
Mariners are advised to exercise caution and reduce wake when transiting the area.
Chart 12343 LNM 43/16 (CGD1)

NEW YORK – HUDSON RIVER– UPPER HUDSON RIVER – Repl. of Pedestrian Sidewalk and Railings–Replacement of pedestrian sidewalk and railings will commence on or about November 2016 and continue through **October 2017** to the Rip Van Winkle Bridge across Hudson River at mile 113.6. This project will not affect marine traffic. Mariners are advised to exercise caution when transiting the area.
Chart 12347 LNM 43/16(CGD1)

NEW YORK – HUDSON RIVER– UPPER HUDSON RIVER – Misc. Steel Repair–Steel Repairs (BA 2012-RE-103-CM) to the Mid-Hudson Bridge across Hudson River at mile 75.6 is in progress. This project is expected to be completed by end of **October 2016**. This project will not affect marine traffic. Mariners are advised to exercise caution when transiting the area.
Chart 12347 LNM 43/16(CGD1)

NEW YORK – HUDSON RIVER– UPPER HUDSON RIVER – Misc. Steel Repair–Steel Repairs (BA 2012-RE-103-CM) to the Newburgh-Beacon Bridge across Hudson River at mile 62.0 is in progress. This project is expected to be completed by end of **October 2016**. This project will not affect marine traffic. Mariners are advised to exercise caution when transiting the area.
Chart 12347 LNM 43/16(CGD1)

NEW YORK – COXSACKIE TO TROY - HUDSON RIVER – Fender Repairs – Repairs to the bridge fenders of the Livingston Ave RR Bridge across Hudson River at mile 146.2 will commence on November 21, 2016 and be completed by approximate **December 16, 2016**. There will be a 40ft by 120ft work barge and 40ft by 60ft material barge operated in one of the swing channel

during work hours. Mariners can contact contractor via marine radio VHF-FM CH 13/16 or call 518-376-5329 for barge location. Working hours are from Monday to Friday during daylight hours. Barges will not be in the channel after work hours and will not affect operation of the bridge. Mariners are advised to exercise caution when transiting the area.
Chart 12348 LNM 43/16 (CGD1)

NEW YORK - NEW YORK TO WAPPINGER CREEK - HUDSON RIVER - New Bridge Construction - Construction of the new Tappan Zee Bridge across the Hudson River, mile 27.7 is in progress. Work will continue constructing access trestles and cofferdams that extend +/- 1,100 ft. west from the Westchester shoreline and +/- 1,200 ft. east of the Rockland shoreline of the Hudson River north of the Tappan Zee Bridge. These structures will remain in place **through 2017**. Floating equipment will be located east and west of the Main Navigation channel and will include crew boats, tug boats, barge mounted cranes, barges and anchor buoys.

Work constructing the permanent bridge foundations has begun and will continue **through 2017**. The work will involve over a hundred pieces of floating equipment and support vessels that will be moored/anchored or transiting from the Westchester shoreline to the Rockland shoreline

including the side channels and portions of the main navigation channel. Mariners are advised that the side channels to the east and west of the main channel are closed to vessel traffic and are advised to use only the center 600' of the main channel to navigate in a north-south direction through the area. Additionally, mariners are strongly advised to stay clear of all construction equipment and support vessels by 1000 feet or more when transiting the area.

Crane Barge Left Coast Lifter Safety Zone: § 165.T01-0462 Safety Zone; Tappan Zee Bridge Construction Project, Hudson River, South Nyack and Tarrytown, NY.

(a) The following area is a safety zone: All navigable waters within 200 yards of the crane barge LEFT COAST LIFTER while conducting heavy lift operations on the Hudson River.

(b) **Definitions.** As used in this section, designated representative means any Coast Guard commissioned, warrant or petty officer who has been designated by the COTP to act on the COTP's behalf. The designated representative may be on a Coast Guard vessel or New York State Police, Westchester County Police, Rockland County Police, or other designated craft; or may be on shore and will communicate with vessels via VHF-FM radio or loudhailer. Members of the Coast Guard Auxiliary may be present to inform vessel operators of this regulation.

(c) **Regulations.** (1) Under the general safety zone regulations in subpart C of this part, you may not enter the safety zone described in paragraph (a) of this section unless authorized by the COTP or a COTP designated representative.

(2) To seek permission to enter, contact the COTP or the COTP's representative by VHF-FM channel 16 or by phone at (718) 354-4353 (Sector New York Command Center). Those in the safety zone must comply with all lawful orders or directions given to them by the COTP or a COTP designated representative.

(d) **Enforcement period.** This section will be enforced from June 22, 2016 through **December 31, 2018**.

Full Channel Closures: On Tue, Nov 1st and Thu, Nov 3rd, from approximately 8 am to 4 pm the entire 600 foot wide main Federal navigation channel at the Tappan Zee Bridge is scheduled to be closed to all vessel transits. Mariners exercise caution in this area.

East Half Channel Closures: On Fri, Oct 28th from approximately 8 am to 4 pm the eastern 300 feet of the 600 foot wide main Federal navigation channel at the Tappan Zee Bridge is closed to all vessel transits. The western 300 feet of the 600 foot wide main Federal navigation channel remains open. All vessels may not produce a wake and may not attain speeds greater than five knots unless a higher minimum speed is necessary to maintain steerageway when transiting through the Tappan Zee Bridge regulated navigation areas.

West Half Channel Closures: On Thu, Oct 27th and Mon, Oct 31st, from approximately 8 am to 4 pm the western 300 feet of the 600 foot wide main Federal navigation channel at the Tappan Zee Bridge is closed to all vessel transits. The eastern 300 feet of the 600 foot wide main Federal navigation channel remains open. All vessels may not produce a wake and may not attain speeds greater than five knots unless a higher minimum speed is necessary to maintain steerageway when transiting through the Tappan Zee Bridge regulated navigation areas.

Additionally there are 16 equipment moorings located west of the navigation channel, 8 to the south and 8 to the north of the bridge. The buoy positions are displayed on corrected editions of NOAA Chart 12343. They are each lit with a 360 degree steady burning white light. The Coast Guard has established a safety zone surrounding these equipment moorings. Entry into, anchoring, loitering, or movement within the Safety Zone is prohibited unless the vessel is working on the bridge construction operations or authorized by the Captain of the Port New York (COTP) or a designated representative.

Nine buoys have been installed marking the equipment mooring area safety zone. Each buoy has a 39" diameter and a height of 82.5" (64" above the waterline). The buoys are white with an orange warning decal and lit with a white flashing light visible for 3 nm. The buoys are displayed on corrected editions of NOAA Chart 12343.

Mariners are advised to transit the main channel, reduce wake and use extreme caution while transiting the area in the vicinity of the Tappan Zee Bridge especially during inclement weather and darkness, and pay particular attention to vessel movements
Chart 12343 LNM 43/16 (CGD1)

NEW YORK – NEW YORK TO WAPPINGER CREEK – HUDSON RIVER - Regulated Navigation Area and Safety Zone – The Coast Guard is revising the current regulated navigation area (RNA) for the navigable waters of the Hudson River surrounding the Tappan Zee Bridge. First, the Coast Guard is establishing a new safety zone surrounding commercial mooring buoys installed for the ongoing Tappan Zee Bridge replacement project. The safety zone will prohibit all vessel traffic that could pose an imminent hazard to persons and vessels that will be transiting to and from the bridge site and maneuvering in close quarters between other construction vessels and large mooring buoys. Second, the Coast Guard is expanding the size of the current RNA and designating two areas within the RNA, the Eastern RNA and the Western RNA, based upon their respective locations in relation to the new safety zone. This rule is necessary to provide for the safety of life in the RNA and safety zone during the construction of the New NY Bridge and demolition of the existing Tappan Zee Bridge.

This rule is effective without actual notice from **July 25, 2014 to December 31, 2018**. Comments and related material will be accepted and reviewed by the Coast Guard through **December 31, 2018**. For the purposes of enforcement, actual notice will be used from the date the rule was signed, July 3, 2014 until July 25, 2014. If you have questions on this rule, call or e-mail Chief Craig Lapiejko, Waterways Management at Coast Guard First District, telephone 617-223-8351, e-mail craig.lapiejko@uscg.mil or, Mr. Jeff Yunker, Coast Guard Sector New York Waterways Management Division, U.S. Coast Guard; telephone 718-354-4195, e-mail jeff.m.yunker@uscg.mil. Comments and related material will be accepted and reviewed by the Coast Guard through September 23, 2014. You may submit comments, identified by docket number "USCG-2013-0705", using any one of the following methods: (1) Federal eRulemaking Portal: <http://www.regulations.gov>. (2) Fax: (202) 493-2251. (3) Mail or Delivery: Docket Management Facility (M-30), U.S. Department of Transportation, West Building Ground Floor, Room W12-140, 1200 New Jersey Avenue SE, Washington, DC 20590-0001. Deliveries accepted between 9 a.m. and 5 p.m., Monday through Friday, except federal holidays. The telephone number is 202-366-9329.

§165.T01-0174 Regulated Navigation Areas and Safety Zone Tappan Zee Bridge Construction Project, Hudson River; South Nyack and Tarrytown, NY

(a) **Regulated Navigation Area Boundaries**. The following are regulated navigation areas:

(1) "Western RNA": all waters bound by the following approximate positions: 41°04'39.16"N, 073°55'00.68"W on the western shoreline; thence to 41°04'28.34"N, 073°54'47.18"W; thence to 41°04'11.28"N, 073°54'48.00"W; thence to 41°03'57.26"N, 073°54'40.73"W; thence to 41°03'57.36"N, 073°54'47.38"W; thence to 41°03'58.66"N, 073°54'56.14"W; thence to 41°04'03.00"N, 073°55'07.60"W; thence to a point on the western shoreline at 41°04'06.69"N, 073°55'14.10"W; thence northerly along the shoreline to the point of origin (NAD 83).

(2) "Eastern RNA": all waters bound by the following approximate positions: 41°04'21.96"N, 073°52'03.25"W on the eastern shoreline; thence to 41°04'26.27"N, 073°52'19.82"W; thence to 41°04'26.53"N, 073°53'20.07"W; thence to 41°03'56.92"N, 073°53'18.84"W; thence to 41°03'56.69"N, 073°52'24.75"W; thence to a point on the eastern shoreline at 41°03'46.91"N, 073°52'05.89"W; thence northerly along the shoreline to the point of origin (NAD 83).

(b) **Safety Zone Boundaries**: The following is a Safety Zone: all waters bound by the following approximate positions: 41°04'59.70"N, 073°54'45.54"W; thence to 41°05'00.18"N, 073°53'21.48"W; thence to 41°03'09.24"N, 073°53'16.86"W; thence to 41°03'07.08"N, 073°54'14.70"W; thence to 41°04'11.28"N, 073°54'48.00"W; 41-04-59.700"N, 073-54-00.420"W; 41-03-32.220"N, 073-53-18.180"W; 41-03-08.100"N, 073-53-40.800"W; thence to the point of origin (NAD 83).

(c) **Regulations**.

(1) The general regulations contained in 33 CFR 165.10, 165.11, and 165.13, 165.20 and 165.23 apply.

(2) Any vessel transiting through the Western RNA must make a direct and expeditious passage. No vessel may stop, moor, anchor or loiter within the RNA at any time unless they are working on the bridge construction operations.

(3) Any vessel transiting through the Eastern RNA must make a direct and expeditious passage. No vessel may stop, moor, anchor or loiter within the RNA at any time unless they are working on the bridge construction operations or they are transiting to, or from, the special anchorage area codified in 33 CFR 110.60(c)(8) located on the eastern shoreline at Tarrytown, NY and within the boundaries of the RNA.

(4) Entry and movement within the Eastern RNA or Western RNA is subject to a "Slow-No Wake" speed limit. All vessels may not produce a wake and may not attain speeds greater than five knots unless a higher minimum speed is necessary to maintain steerageway. All vessels must proceed through the Eastern RNA and Western RNA with caution and operate in such a manner as to produce no wake.

(5) Entry into, anchoring, loitering, or movement within the Safety Zone is prohibited unless the vessel is working on the bridge construction operations or authorized by the Captain of the Port New York (COTP) or his designated representative.

(6) All persons and vessels must comply with all orders and directions from the COTP or the COTP's designated representative. The "designated representative" of the COTP is any Coast Guard commissioned, warrant or petty officer who has been designated by the COTP to act on the COTP's behalf. The designated representative may be on a Coast Guard vessel or New York State Police, Westchester County Police, Rockland County Police, or other designated craft; or may be on shore and will communicate with vessels via VHF-FM radio or loudhailer. Members of the Coast Guard Auxiliary may be present to inform vessel operators of this regulation.

(7) Upon being hailed by a Coast Guard vessel by siren, radio, flashing light or other means, the operator of the vessel must proceed as directed.

(8) For the purpose of this regulation, the Federal navigation channel, located in the Eastern RNA is marked by the red and green navigation lights on the existing Tappan Zee Bridge, and the New NY Bridge. As the project progresses, the Federal navigation channel will be intermittently closed, or partially restricted, to all vessel transits. While the Federal navigation channel is closed, vessels that can safely navigate outside the Federal navigation channel would still be able to transit through the Eastern RNA. These closures or partial restrictions are tentatively scheduled to take place between March 2015 and October 2016. The COTP will cause a notice of the channel closure or restrictions by appropriate means to the affected segments of the public. Such means of notification may include, but are not limited to, Broadcast Notice to Mariners and Local Notice to Mariners.

(9) Notwithstanding anything contained in this section, the Rules of the Road (33 CFR part 84—Subchapter E, inland navigational rules) are still in effect and must be strictly adhered to at all times.

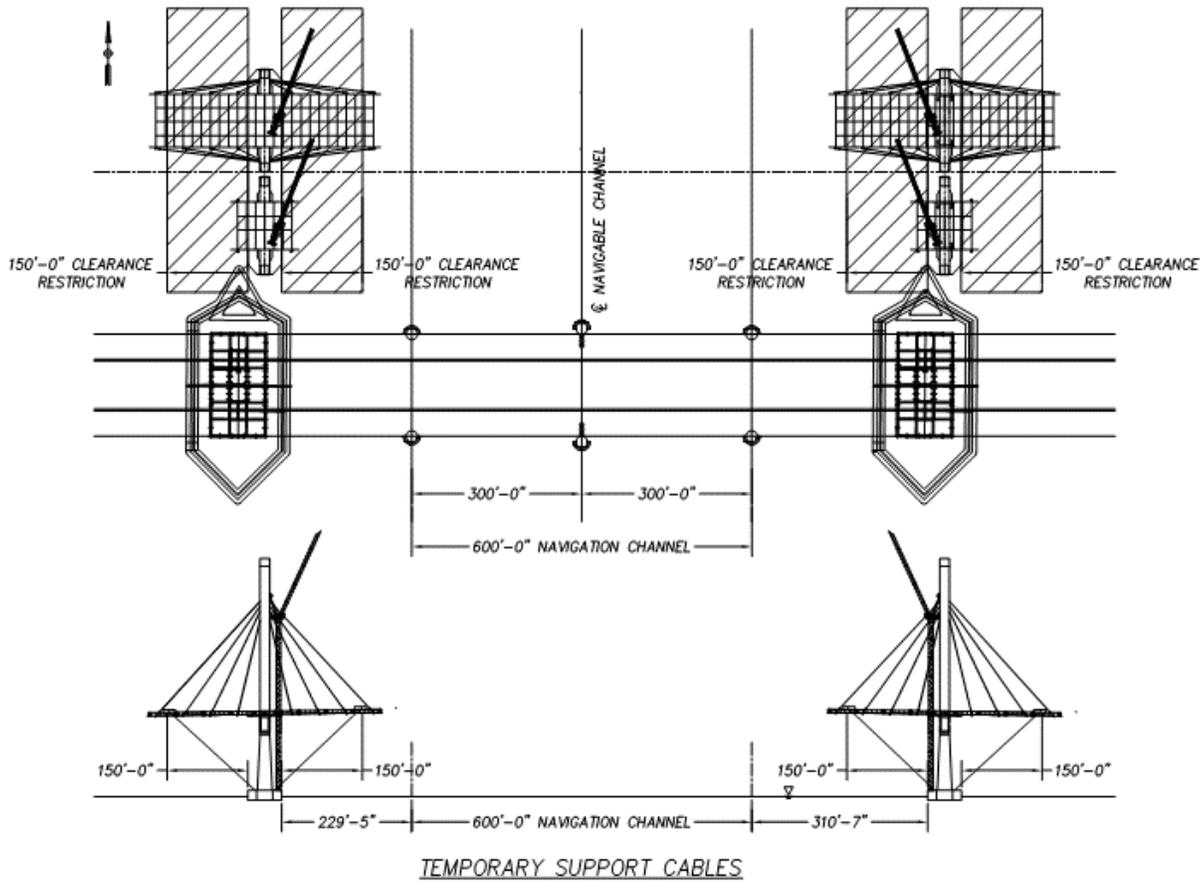

(d) Enforcement Periods. This regulation will be enforced 24 hours a day from 5:00 a.m. on July 3, 2014 until 11:59 p.m. on **December 31, 2018.**

(1) Notice of suspension of enforcement: If enforcement is suspended, the COTP will cause a notice of the suspension of enforcement by appropriate means to the affected segments of the public. Such means of notification may include, but are not limited to, Broadcast Notice to Mariners and Local Notice to Mariners. Such notification will include the date and time that enforcement will be suspended as well as the date and time that enforcement will resume.

(2) Violations of this regulation may be reported to the COTP at 718-354-4353 or on VHF-Channel 16.

Chart 12343 LNM 43/16 (CGD1)

NEW YORK – NEW YORK TO WAPPINGER CREEK – HUDSON RIVER – New Bridge Construction/Temporary Bridge Support Cables – Starting on or about September 1, 2016, the ongoing bridge construction at the New Tappan Zee Bridge will require the installation of temporary cables that will extend outward and upward from the new bridge piers to the new bridge deck approximately 150-feet horizontally from the pier. These temporary cables will remain in place until the bridge is complete. The cable limits are outside of the 600' wide Navigational Channel, and all vessels transiting the area should confine their operation and navigation to the Navigation Channel, staying clear of the new bridge piers by a distance of at least 200'. The support cables will be illuminated at night by white lights.

The contractor's on-scene workboats monitor VHF channels 13 and 16. Questions or concerns regarding navigation issues associated with these operations may be addressed at the USCG Command Center of Sector of New York.
Chart 12343 LNM 43/16 (CGD1)

NEW YORK – HUDSON RIVER– UPPER HUDSON RIVER – Bridge Railing Replacement–Railing replacement at the Walkway over the Hudson Bridge across Hudson River at mile 76.1 will commence on or about 28 March 2016. Hours of operation will be 0700 to 1600 and 2100 to 0500, Monday through Saturday. This project is expected to be completed by **end of 2016**. All work will be performed on top of the bridge and will not impact marine traffic. Mariners are advised to exercise caution when transiting the area.

Chart 12347 LNM 43/16(CGD1)

NEW YORK – HUDSON RIVER– Misc. Repair– Misc. Steel and concrete repairs, Catwalk and Maintenance platform rehabilitation to the George Washington Bridge across Hudson River at mile 11.0 will commence on or about 22 August 2016. Work platform will be installed underneath the span above the lowest point of the bridge; it will not reduce the available vertical clearance of the bridge. Hours of operation will be 0700 to 1500, Mondays through Fridays.

From 22 August through 9 September a tug and barge measuring 183ft X 40ft will be operating next to the NY towers outside the navigable channel, lowering the old movable platform into the barge.

This project is expected to be completed by **end of 2017**. Mariners are advised to exercise caution and reduce wake when transiting the area.

Chart 12343 LNM 43/16(CGD1)

NEW YORK – TALLMAN ISLAND TO QUEENSBORO BRIDGE – FLUSHING RIVER – Bridge Rehabilitation – Construction to the Roosevelt Ave Bridge across Flushing River at mile 0.8 is in progress. There will not be any construction equipment in the navigable channel. The project will be completed by **May 7, 2019**.

Chart 12339 LNM 43/16 (CGD1)

NEW YORK – TALLMAN ISLAND TO QUEENSBORO BRIDGE – FLUSHING RIVER – Replacement of the Fender System – Construction to the Whitestone Expressway (I-678) Bridge across the Flushing River at mile 0.2 will commence on or about September 8, 2016. Construction and material barges will be operating in the navigable channel during working hours. Hours of operations are from Monday to Friday during daylight hours. Mariners requiring full horizontal clearance to transit the channel can contact the bridge contractor via mariner radio VHF-FM CH 13/16 or call 516-315-7645 to ensure construction vessels are removed from the channel prior to their transit. The project will be completed by **April 30, 2017**. Mariners are advised to transit the area with caution and reduce wake.

Chart 12339 LNM 43/16 (CGD1)

NEW YORK – NEW YORK HARBOR – EAST RIVER – NEWTOWN CREEK – Bike Path Installation – Construction to the Pulaski (McGuinness Blvd) Bridge across Newtown Creek at mile 0.6, Brooklyn, New York will commence on October 1, 2016 and will be completed on **November 30, 2016**. An underbridge inspection unit will be operated under the bridge from October 10 to **October 13, 2016** between 9 p.m. and 5 a.m. Mariners requiring full vertical clearance can contact the contractor via marine radio VHF-FM CH 13/16 or call 914-484-4044 or 917-710-4128. Mariners are advised to exercise caution when transiting the area.

Chart 12338 LNM 43/16 (CGD1)

NEW YORK – NEW YORK HARBOR – EAST RIVER – NEWTOWN CREEK – Bridge Replacement – Construction to the Kosciuszko New Eastbound (EB) Bridge across Newtown Creek at mile 2.1 is in progress. A temporary construction traveler will be operating over the navigable channel and will reduce the vertical clearance by approx. 10 feet. Mariners requiring full vertical clearance can contact the contractor via marine radio VHF-FM CH 13/16 or call 360-516-0208/646-235-7819 with 48 hours advance notice. The temporary construction traveler is authorized through September 30, 2016. The project will be completed by **March 31, 2017**. Mariners are advised to exercise caution when transiting the area.

Chart 12338 LNM 43/16 (CGD1)

NEW YORK – LONG ISLAND SOUND AND EAST RIVER – HEMPSTEAD HARBOR TO TALLMAN ISLAND - EAST RIVER – Bridge Inspection – Inspection to the approach viaducts of the Throgs Neck Bridge across East River at mile 15.8 will commence on October 24, 2016. Hours of operation are from 8 a.m. to 4 p.m. A barge with manlift will be operating IVO the bridge outside the navigation channel. Mariners can contact the contractor via marine radio VHF-FM CH 13/16 or call 646-961-1105 for barge location. This project will be completed by **December 30, 2016**. Mariners are advised to exercise caution when transiting the area.

Chart 12366 LNM 43/16 (CGD1)

NEW YORK- NEW HARBOR –EAST RIVER –Bridge Rehabilitation – Scaffolding – Rehabilitation of Bronx-Whitestone Bridge across the East River at mile 13.8 will commence on or about 13 June 2016. Scaffolding will be installed under the bridge and will **NOT** reduce the available vertical clearance. This project is expected to be completed by **mid-2019**. Mariners are advised to exercise caution when transiting the area.

Chart 12339 LNM 43/16 (CGD1)

NEW YORK- NEW HARBOR –EAST RIVER – Biennial Bridge Inspection-Biennial Bridge inspection of the Triboro (RFK) Bridge across the East River, mile 7.8, will commence on or about 1 June and continue through **31 October 2016**. Bridge inspectors, equipped with marine radios, will be monitoring Chan. 13/16 VHF-FM. Bridge inspection will have no impact to navigation. Hours of operation are from 0800 to 1600, Mondays through Fridays. Mariners are advised to exercise caution when transiting the area.

Chart 12342 LNM 43/16 (CGD1)

NEW YORK- HUDSON AND EAST RIVERS – GOVERNORS ISLAND TO 67TH STREET – EAST RIVER – Biennial Bridge Inspection-Biennial Bridge inspection of the Williamsburg Bridge across the East River, mile 2.3, will commence on or about 2 May and continue through **31 December 2016**. At times the traveler platform which will reduce the vertical clearance by approximately 15 feet will be operating at various locations over the navigable channel. Bridge inspectors, equipped with marine radios, will be monitoring Chan. 13/16 VHF-FM. Mariners requiring full vertical clearance under the bridge can contact the bridge inspector and request the traveler platform be moved out of the navigable channel. Hours of operation are from 0800 to 1600, Mondays through Fridays. The traveler platform will be moved out of the navigable channel after work hours, or when not in use. Mariners are advised to exercise caution when transiting the area.

Chart 12335 LNM 43/16 (CGD1)

NEW YORK – HUDSON AND EAST RIVERS – GOVERNORS ISLAND TO 67TH STREET – EAST RIVER – Bridge Inspection – From October 24, 2016 to **December 23, 2016** between 8 a.m. to 2 p.m., bridge traveler will be operated under Manhattan Bridge across East River at mile 1.1 in order to perform bridge inspection. The traveler platform will reduce the vertical clearance by approximately 10.1ft. Mariners requiring full vertical clearance can contact the contractor via marine radio VHF-FM Ch 13/16 or call 917-887-0772. The traveler platform will be moved out of the navigable channel after work hours or when not in use. Mariners are advised to exercise caution when transiting the area.

Chart 12335 LNM 43/16 (CGD1)

NEW YORK- HUDSON AND EAST RIVERS – GOVERNORS ISLAND TO 67TH STREET – EAST RIVER – Bridge Painting & Rehabilitation – Painting/approach rehabilitation of the Brooklyn Bridge across the East River, mile 0.8, is in progress. Contractor has installed scaffolding from the Brooklyn side through mid-channel. Scaffolding reduces the available vertical clearance under the bridge by approx. 6 feet. The scaffolding will be marked by three red lights, one at each end of the scaffolding and one at the center. The remainder of the channel between mid-channel and the Manhattan side will provide full vertical clearance and is clear of any obstructions, however, at times the movable platforms will be in use and occupy part of the Brooklyn half channel, the traveler platform can be moved for passage of large vessels, with a one hour advance notice. Large vessels requiring the full vertical clearance of the bridge should contact the resident engineer in advance at 347-242-6442 for up to date information. This project is expected to be completed by end **January 2017**. Mariners are advised to exercise caution when transiting the area and large vessels are reminded to transit the Manhattan half of the channel.

Chart 12335 LNM 43/16 (CGD1)

NEW YORK – NEW JERSEY - RARITAN BAY AND SOUTHERN PART OF ARTHUR KILL – FRESH KILLS - Bridge Inspection – Inspection to the West Shore Expressway Bridge across Fresh Kills will commence on October 31, 2016. Hours of operation are from 8 a.m. to 4 p.m. A barge with manlift will be operating IVO the bridge. Mariners can contact the contractor via marine radio VHF-FM CH 13/16 or call 646-508-1030 for barge location. This project will be completed by **November 2, 2016**. Mariners are advised to exercise caution when transiting the area.

Chart 12331 LNM 43/16 (CGD1)

NEW YORK- NEW YORK HARBOR –EAST RIVER-NEWTOWN CREEK-HARLEM RIVER – Bridge Closures – To accommodate the New York City Marathon, the following bridges will not open for marine traffic on Sunday 6 November 2016 as follows:

1. Pulaski Bridge across Newtown Creek – 0830 to 1500
2. Willis Ave. Bridge across Harlem River – 1000 to 1700

3. Madison Ave. Bridge across Harlem River – 1000 to 1700

Mariners are advised to plan accordingly.
Chart 12327 LNM 43/16 (CGD1)

NEW YORK – NEW YORK HARBOR – EAST RIVER – HARLEM RIVER – Bridge Inspection – Inspection to the Major Deegan exit ramp of the Macombs Dam Bridge across Harlem River at mile 3.2 will commence on October 29, 2016. Hours of operation are from 8 A.M. to 3 P.M. A Wellcraft boat will be operating IVO the bridge. Mariners requiring full horizontal clearance can contact the contractor via marine radio VHF-FM Ch 13/16 or call 917-359-9395. This project is to be completed by **October 30, 2016**. Mariners are advised to exercise caution when transiting the area.
Chart 12342 LNM 43/16 (CGD1)

NEW YORK – NEW YORK HARBOR – EAST RIVER – HARLEM RIVER - Fender System Damaged – The 207 St. (University Ave.) Bridge across Harlem River at mile 6.0 suffered a major fender collapsed at the East draw (Bronx side). To prevent further damage until it can be permanently repaired NYCDOT is **requesting all mariners to transit the West Draw** (Manhattan side) until further notice. From October 17, 2016 to December 14, 2016 between 6 a.m. and 2:30 p.m., a 30ft by 90 ft barge will be operated in the west channel (draw). Mariners requiring full horizontal clearance can contact the contractor via marine radio VHF-FM CH 13/16 or call 718-796-1971. Mariners are advised to exercise extreme caution and reduce wake when transiting the area.
Chart 12327 LNM 43/16 (CGD1)

NEW YORK – NEW YORK HARBOR – EAST RIVER – HARLEM RIVER- Bridge Out of Service – The Macombs Dam and 207 St. Bridges across Harlem River at mile 3.2 and 6.0 are still unable to open due the major damaged sustain during Hurricane Sandy. Vertical clearance under the closed span of Macomb’s Dam is approx. 27 feet at MHW and the 207th Bridge is approx. 26 feet at MHW. NYCDOT is now in the process of awarding the contract to repair the bridge. On July 27 and July 28, 2016 a carne barge and a material scow will be operating in the Bronx channel mariners are advice to transit the Manhattan channel. Vessels that can transit under the closed span may do so at any time. Mariners are advised to plan accordingly and exercise extreme caution when transiting the area.
Chart 12327 LNM 43/16 (CGD1)

NEW YORK - NEW JERSEY - NEW YORK HARBOR – Biennial Bridge Inspection - Biennial Bridge inspection of the Verrazano Bridge across the New York Harbor, mile 0.0, will commence on or about 23 June and continue through **31 October 2016**. At times the traveler platform which will reduce the vertical clearance by approximately 15 feet will be operating at various locations over the navigable channel. Bridge inspectors, equipped with marine radios, will be monitoring Chan. 13/16 VHF-FM. Mariners requiring full vertical clearance under the bridge can contact the bridge inspector and request the traveler platform be moved out of the navigable channel. The traveler platform will be moved out of the navigable channel after work hours, or when not in use. Mariners are advised to exercise caution when transiting the area.
Chart 12327 LNM 43/16 (CGD1)

NEW YORK – NEW JERSEY - NEW YORK HARBOR – KILL VAN KULL – Vertical Clearance Reduction – On or about 15 August through **31 December 2016** a temporary work platform measuring 16ft X 2 1/2ft will be operating at various locations under the Bayonne Bridge reducing the available vertical clearance by approx. 5 feet. Bridge Engineer/contractor is equip with marine radio and will be monitoring Chan. 13/16 VHF-FM, when the work platform is in use. Mariners requiring the full vertical clearance can contact the bridge engineers/contractor one hour in advance to move the work platform above the bottom girder. The work platform will be pulled up above the bottom girder when not in use. Mariners are advised to exercise caution when transiting the area.
Chart 12327 LNM 43/16 (CGD1)

NEW YORK AND NEW JERSEY – NEW YORK HARBOR – KILL VAN KULL – Bridge Construction - The construction project for the raising of the Bayonne Bridge navigational clearance across the Kill Van Kull, mile 1.5, is in progress. Phase 1 is removal of the west side sidewalk. Phase 2 involves the demolition of the eastern half approach of the span deck. All work at this time is above the bridge deck and on the bridge approaches and will not impact marine traffic. This project is expected to be completed by the end of **2016**. More information will be provided as the project progresses. Mariners are advised to exercise caution when transiting the area.
Chart 12327 LNM 43/16 (CGD1)

NEW YORK AND NEW JERSEY – NEW YORK HARBOR – ARTHUR KILL – Bridge Construction- Construction for the replacement of the Goethals Bridge across the Arthur Kill, mile 11.5, is in progress. The installation of the main span over the navigable channel is in progress. See attached work schedule over the navigable water below. Two 8ft by 12ft and two 4ft by 10ft movable platforms will be operating under the new installed span to complete the installation. Hours of operations are from 7 a.m. to 5:30 p.m. Monday to Friday and 7 a.m. to 3:30 p.m. on Saturday. Upon 2 hours advance notice during work hours the movable

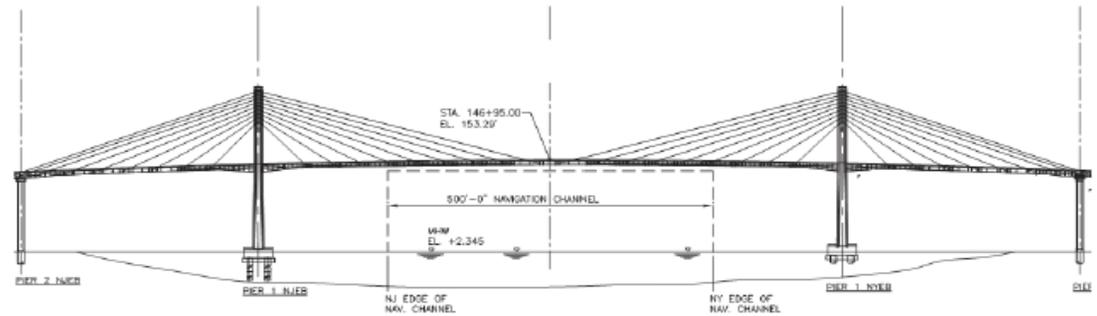

platform can be move, after work hours it will require a 6 hours advance notice to mobilize the crew to move the traveler platform. Mariners can contact 360-601-6182 or 201-394-6702 for the required advance notice. Mariners are advised to exercise caution when transiting the area

EASTBOUND MAIN BRIDGE ELEVATION (LOOKING NORTH)

- SEGMENT 208:**
1. ERECT THE ERG CRANES, FLOORBEAMS, AND REDUNDANCY TRUSS STEEL GRILLAGE FOR MAIN SPAN SEGMENT 208. INSTALL TEMPORARY PARTINGS ON THE SOUTH ERG CRANE, TEMPORARY PARTINGS ON THE NORTH ERG CRANE AND RAFTLE PLATES ON THE NORTH REDUNDANCY TRUSS.
 2. CONCRETE BARRIERS MAY BE CONSTRUCTED ON SEGMENTS 100 THROUGH 102.
 3. INSTALL ALL NEW CABLE TENDERS FOR TRUSS CABLES NORTH AND SOUTH AND COMPLETE TRUSS 1 NEW CABLE STRESSING.
 4. MOVE THE ERG CRANE 15 FEET BACK. PLACE THE 208 PANELS FOR THIS SEGMENT.
 5. FORMING SURVEY
 6. COMPLETE GRADE 2 STRESSING FOR NEW CRANE.
 7. COMPLETE GRADE 2 STRESSING OF NEW CRANE.
 8. FORMING SURVEY 2.
 9. COMPLETE THE BITUM FOUR FOR THE FLOORBEAM AND ERG CRANES.
 10. INSTALL REMAINDER OF TRUSS C107 NORTH AND SOUTH AND COMPLETE TRUSS 1 NEW CABLE STRESSING.
 11. ADVANCE THE ERG CRANE

- CONSTRAINTS:**
1. SEE CD-8 FOR CONSTRAINTS REGARDING THE BOLTING CONNECTION.
 2. SPIN SPINDLE SHALL BE NO MORE THAN TWO (2) MONTHS AHEAD OF NEW BARS AND SHELL INSTALLATION.
 3. NEW SPAN STEEL GUSSET PANELS OF AND NEW 2' CONNECTIONS MAY BE COMPLETED PRIOR TO STEP 1.

- NOTES:**
1. MAIN SPAN ERG CRANES ARE TO BE AT THE AS-INDICATED ALIGNMENT RELATIVE TO BACK MATING CRANES AND THE SPINDLES ARE TO BE MADE TO THE AS-INDICATED AND SHALL ACCURATELY ALIGNMENT WITH CRANE SUPPORTS.
 2. THE BACK SPAN SUPERSTRUCTURE WILL LIFT OFF THE GROWING TOWER AND INTO THE PROFILE INDICATED IN THE SECTION BEHIND AS THE BACK SPAN CABLES ARE STRESSED. FOLLOWING CRANE REMOVAL SHALL BE REDUCED AFTER THE SUPERSTRUCTURE HAS LIFTED OFF THE GROWING TOWER SUPPORT.

NEW JERSEY- NEWYORK HARBOR - NEWARK BAY – HACKENSACK RIVER-HACKENSACK AND PASSAIC RIVER - Notice of Temporary Final Rule - The Coast Guard is temporarily modifying the operating schedule that governs the operation of the Route 1 & 9 (Lincoln Highway) Bridge across the Hackensack River, mile 2.0. New Jersey Department of Transportation, requested to temporarily restrict bridge openings during the morning and afternoon rush hour periods to alleviate traffic congestion resulting from area (Pulaski Skyway) roadway closures. Effective **March 1, 2014** through **September 30, 2017**, the draw of the Route 1 & 9 (Lincoln Highway) Bridge, mile 2.0, across the Hackensack River shall open on signal; except that, the draw need not open for the passage of vessel traffic between 6 a.m. and 10 a.m. and between 2 p.m. and 6 p.m., Monday through Friday, except holidays. Tide dependent deep draft vessels may request bridge openings between 6 a.m. and 10 a.m. and between 2 p.m. and 6 p.m. provided at least a twelve hour advance notice is given by calling 973-589-5143. It is expected that this temporary change to the regulations will provide relief to vehicular traffic while continuing to meet the reasonable needs of navigation. Mariners are advised to plan their transits accordingly.
Chart 12327 LNM 43/16 (CGD1)

NEW JERSEY – PASSAIC AND HACKENSACK RIVERS – HACKENSACK RIVER – PASSAIC RIVER - Diving Inspection & Fathometric Survey – From October 21 to **October 28, 2016** between 0800 and 1700, diving inspection and fathometric survey will be performed at the Court Street Bridge, mile 16.2 across Hackensack River and Avondale (Kingsland Ave) Bridge, mile 10.7 across Passaic River. A dive boat will be operating IVO the bridge. Mariners requiring full horizontal clearance can contact the contractor via marine radio VHF-FM Ch 13/16 or call 973-769-3480. Mariners are advised to exercise caution when transiting the area.
Charts 12337 LNM 43/16 (CGD1)

NEW JERSEY - NEW YORK HARBOR – NEWARK BAY - HACKENSACK RIVER - New Bridge Construction – Replacement of the Whitt-Penn Bridge across the Hackensack River at mile 3.1 is in progress. At this time work on the waterway has been completed, and the channel are free and clear of any obstruction. More information will be published as received. Mariners are advised to exercise extreme caution when transiting the area.
Chart 12337 LNM 43/16 (CGD1)

NEW JERSEY – NEW YORK HARBOR - NEWARK BAY – HACKENSACK AND PASSAIC RIVER - Notice of Temporary Final Rule - The Coast Guard is temporarily modifying the operating schedule that governs the operation of the Route 1 & 9 (Lincoln Highway) Bridge across the Passaic River, mile 1.9. New Jersey Department of Transportation, requested to temporarily restrict bridge openings during the morning and afternoon rush hour periods to alleviate traffic congestion resulting from area (Pulaski Skyway) roadway closures. Effective **March 1, 2014** through **September 30, 2017**, the draw of the Route 1 & 9 (Lincoln Highway) Bridge, mile 2.0, across the Hackensack River shall open on signal; except that, the draw need not open for the passage of vessel traffic between 6 a.m. and 10 a.m. and between 2 p.m. and 6 p.m., Monday through Friday, except holidays. Tide dependent deep draft vessels may request bridge openings between 6 a.m. and 10 a.m. and between 2 p.m. and 6 p.m. provided at least a twelve hour advance notice is given by calling the 973-589-5143. It is expected that this temporary change to the regulations will provide relief to vehicular traffic while continuing to meet the reasonable needs of navigation. Mariners are advised to plan their transits accordingly.

NEW JERSEY- RARITAN RIVER – Pier Repairs– Sub-structure rehabilitation at the NJTRO Raritan River Drawbridge across Raritan River at mile, 0.5, at Perth Amboy, New Jersey is in progress. 3 spud barges measuring 24ft X 48 ft coupled together will form a 30ft X 40ft work platform. Barges will be operating at various locations on the east side of the bridge. No work will be done on the movable span or the navigational channel. After work hours work platform will be moored in place outside the navigable channel. This project is expected to be completed by **39 November 2016**.
Mariners are advised to reduce wake and exercise caution when transiting the area.
Chart 12332 LNM 43/16(CGD1)

NEW JERSEY- SANDY HOOK TO LITTLE EGG HARBOR– NAVESINK RIVER – Sub-Structure Rehabilitation – Sub-structure rehabilitation at the Oceanic Drawbridge across Navesink River at mile, 4.5, at Monmouth County, New Jersey is in progress. A 24ft X 40 hydraulic spud barge and 24ft buddy boat and 14ft rescue boat will be operating at the various piers and will not obstruct the navigable channel during daylight hours, Mondays through Fridays. After work hours work float will be move out of the waterway. This project is expected to be completed by **31 October 2016**.
Mariners are advised to reduce wake and exercise caution when transiting the area.
Chart 12324 LNM 43/16(CGD1)

NEW YORK AND NEW JERSEY- RARITAN BAY – KEYPORT HARBOR – MATAWAN CREEK – Bridge Replacement – Replacement of the Amboy Avenue/W Front Street Bridge across Matawan Creek, mile 0.6 is in progress. All work equipment will be in operation on the land side and will not impact marine traffic, except during demolition of the old and installation of the new span over the waterway. This project is expected to be completed by **spring of 2018**. Mariners are advised to reduce wake and exercise caution when transiting the area.

**Vessel Air Drafts and
Bayonne Bridge Allisions**

April 18, 2014

The Bayonne Bridge is undergoing a two-year construction project to raise the roadway an average of 65 feet. The associated demolition activities and work platforms outside of the navigable channel present serious safety considerations for mariners. Despite previous Coast Guard advisories, the Bayonne Bridge has been struck twice within the past four months. The most recent allision demasted a ship's INMARSAT C and Ship Safety Alert System antennas. In this case, the Coast Guard is pursuing a civil penalty against the ship's owner.

To ensure the safety of the bridge work crews, as well as ships navigating in the vicinity of the construction project, each vessel owner, master, or person in charge is reminded to review and update as necessary their ship's particulars. In accordance with Title 33 Code of Federal Regulations Section 164.11(k), this includes knowing the distance from their ship's keel to its highest point, providing accurate information to the Pilot and the ship's agent for safe navigation, and clearly indicating whether vessel modification data or any adjustable or whip antennas are included.

Bridge allisions, including ship antenna and mast strikes, may cause severe property damage or even loss of life. Vessels must take proactive measures to ensure they can safely navigate under bridges and other overhead obstructions before attempting such transits. Depending on the facts of future incidents, the Coast Guard will likely pursue civil penalties against any vessel owner, master, or person in charge that provides inaccurate vessel information that contributes to a bridge allision within the New York-New Jersey Captain of the Port Zone. The maximum penalty authorized by the Ports and Waterway Safety Act is \$40,000 per incident.

For current vertical and horizontal clearance information and construction status at the Bayonne Bridge, refer to NOAA Chart 12333, the First Coast Guard District Local Notice to Mariners (LNM) at <http://www.navcen.uscg.gov>, and <http://www.nws.noaa.gov/om/marine/ports.htm>.

GORDON LOEBL

Captain, U.S. Coast Guard

Captain of the Port, New York-New Jersey

Sector New York, 212 Coast Guard Drive, Staten Island, NY 10305

Bay State Wind

NOTICE TO FISHERMEN

Geotechnical survey to start approximately on
October 7, 2016
Estimated duration 15 days (weather permitting)

Survey Vessel Details:

RV Fugro Synergy
LOA 340 ft. Flag: Bahamas

Bridge VSAT phone: 011 31 107 130 581
Satellite phone: 1 713 714 5894
Standing by on VHF Channel 16

When the survey is taking place

RV Fugro Synergy will be conducting a geotechnical survey in an area south of Martha's Vineyard for 15 days (weather permitting) starting about October 7, 2016.

Why the survey is taking place

In August and September an exploratory geophysical survey mapped sea bed conditions within the BOEM Massachusetts Wind Energy Area (WEA), lease area OCS-A 0500. Following up, in October a geotechnical survey will test bottom conditions in 18 specific locations identified in the previous survey. This information will assist engineering of future wind turbines.

Survey vessel transits

The survey is not expected to interfere with near-by fishing activities. Fishermen are encouraged to contact RV Fugro Synergy Bridge to coordinate with the on board FIR.

Survey design and equipment to be used

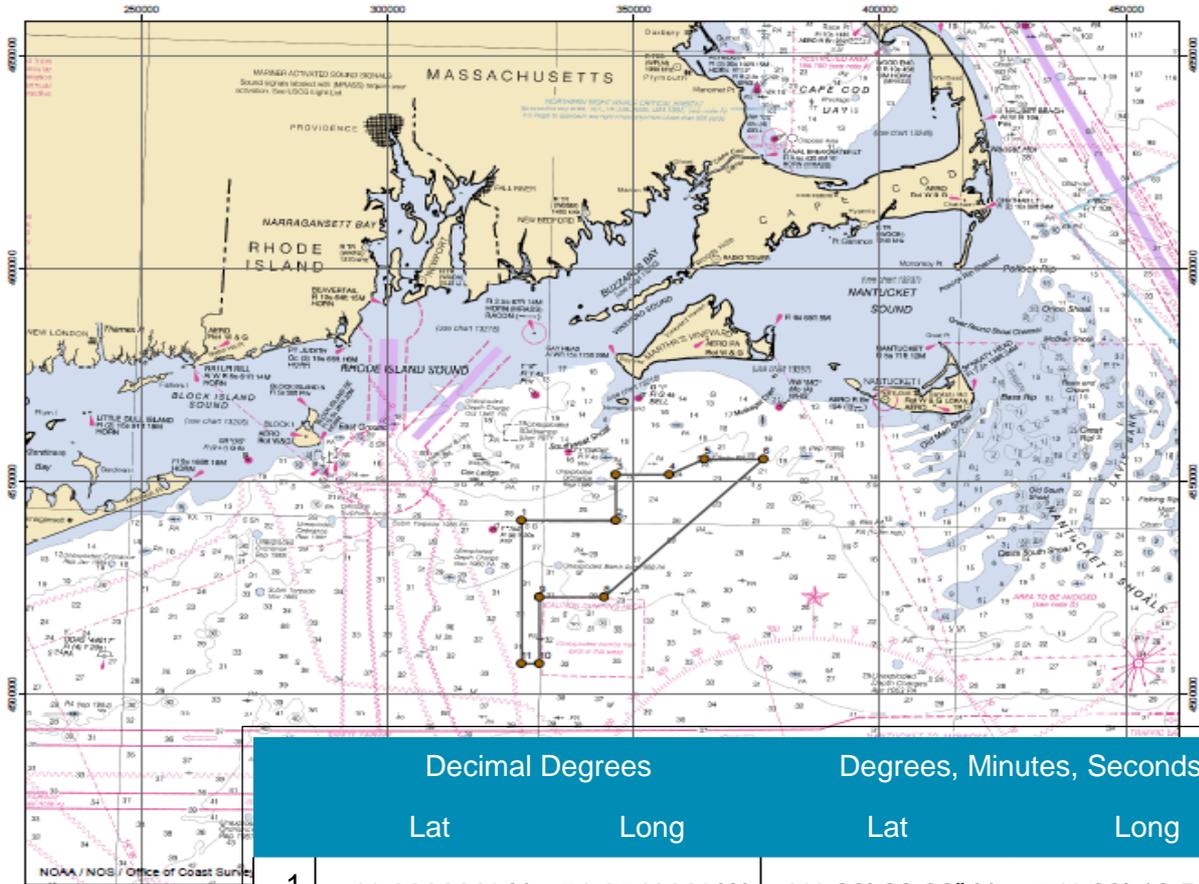

The survey vessel will use dynamic positioning systems to maintain station precisely while testing is taking place. Each testing station may require the vessel to maintain position for 2 to 24 hours depending on conditions and testing activity. Operations will proceed 24 hours a day.

This Ground Investigation will consist of a series of shallow Vibrocore Holes, Cone Penetration Tests (CPTs) and core samples.

Voluntary half-mile buffer

Mariners are requested to provide RV Fugro Synergy a wide berth of **one half mile** at all times while on site. Passing vessels are requested to reduce speed if possible. When operating in the vicinity of RV Fugro Synergy please be aware that the vessel may move to a new position within the site without prior notification.

RV Fugro Synergy

Contact the Onboard Fishing Industry Representative

Fishermen are requested to remain aware of these survey operations and to maintain a prudent distance (**half-mile minimum**) from the RV Fugro Synergy while the vessel is on station with dynamic positioning systems. A local Fishing Industry Representative (FIR), Steve Welch, will act as the onboard fisheries point of contact, advising the vessel master on local fishing activities.

Fishermen working in the Survey Area are advised to contact **FIR Steve Welch** through the RV Fugro Synergy Bridge to coordinate activities:

RV Fugro Synergy VSAT phone 011 31 107 130 581
Standing by on VHF channel 16

In advance of survey operations local fishermen with questions may also contact:

John Williamson, DONG Energy Fishery Liaison
1 207 939-7055 john@seakeeper.net

Please add your contact information to our file of fishermen in the lease area. Fishermen's information is respected as confidential.

DONG Energy is lessee to develop an offshore wind farm in federal waters

In April 2015, the Bureau of Ocean Energy Management awarded a lease for area OCS-A 0500, in the Massachusetts Wind Energy Area (WEA), to RES American Developments. In May 2015, BOEM announced the transfer of assignment of that lease to DONG Energy. Comprising 187,523 acres (222 sq nm), the lease area is the western-most portion of the Massachusetts WEA, beginning approximately 12 miles due south of Martha's Vineyard. The project name is Bay State Wind.

A description of the BOEM lease process, lease areas and maps can be found at the BOEM website: <http://www.boem.gov/Atlantic-Fishing-Industry-Communication-and-Engagement>

Site Assessment and geophysical survey of the Bay State Wind area

For the next three years DONG Energy will collect data and perform detailed assessments of the physical, biological and economic characteristics of the lease area. The first step of data collection was a geophysical survey in August and September 2016. A geotechnical survey in October 2016 will further refine the area mapping.

Wind farm would be smaller than Survey Area

A future wind farm will be smaller than the Survey Area, but sited somewhere within its boundaries. The ideal location has yet to be identified.

Fishermen's knowledge, Fishery Liaison and Fishing Industry Representative

Fishermen in the region will be consulted at several stages of the data collection process. To this end DONG Energy has engaged a Fishery Liaison Officer to work with fishing community leaders. Additionally, an experienced local fisherman will be on the survey vessel for the duration of the survey to ensure daily contact with vessels fishing in the area and to advise the survey captain to avoid gear conflicts. Fishermen will be requested to give wide berth to the survey vessel, but should not otherwise be inconvenienced.

The importance of fishing

DONG Energy recognizes the importance of this lease area to fishing communities of southern New England and the Mid-Atlantic Bight. To that end, DONG Energy intends to fully consult with fishermen from all associated fishery sectors at every stage of development of the Bay State wind farm.

NEW YORK -VERMONT- LAKE CHAMPLAIN – CUMBERLAND HEAD TO FOUR BROTHERS ISLAND – Submarine Cable Installation- Starting August 20, 2016 through

December 15, 2016 the waters between Cumberland Head Point, NY and South Hero, VT will have construction crews working on deck barges conducting Horizontal Directional Drilling operations for a future submarine power cable installation project. The navigational channel **will remain open** and all vessel traffic will be allowed to transit. Mariners are requested to maintain a separation of 600 yards from the working vessels and should exercise caution while transiting the area. Contact Paul Larrabee of Cadwell Marine International at (732) 620-3938 with any questions or concerns. This work zone will be lighted and manned 24 hours a day with appropriate signage posted throughout the period of construction.

Submarine Power Transmission Cable Infrastructure Installation
