

Chapter 5 – Appendix I

Workshop Critique

Workshop Critique

1. What did you like best about the workshop?
2. Were there any concepts or terms used during the workshop that were **NOT** clearly explained by the facilitation team? If yes, what didn't you understand or what needs to be explained more clearly?
3. Would you recommend any changes to the Ports and Waterways Risk Assessment process? Were there any parts of the process that did **NOT** make sense? If yes, what needs to be changed and why?
4. Were the workshop facilities adequate? If not, what should be done differently?
5. Is there anything else about the workshop that could be improved?
