TITLE	SUBCATEGORY	DESCRIPTION	LOCATION
Hickory Island Channel - Livingstone Channel/General/LAA/RNA/Temp RNA	LAA/RNA	General/LAA/RNA/Temp RNA In accordance with the provisions of United States 33 CFR part 162.134(D) governing the connecting waters from Lake Erie to Lake Huron and the Canadian Navigation Safety Regulations - 2020 part 3 division 3 - St. Clair and Detroit River paragraph 321 (a) and (b) , effective 16 Dec 2025 both upbound and downbound traffic will be permitted in the Livingstone Channel subject to the following conditions: 1. Vessels shall not meet or pass in the Livingstone Channel between Livingstone Channel upper entrance light and Bar Point pier light D33. 2. Upbound vessels shall report to MCTS Sarnia on VHF channel 12 one hour prior to entering the normal one way portion of the Livingstone Channel and again upon exiting that portion of the channel. 3. Downbound vessels shall include in their normal reports to MCTS Sarnia at the Belle Isle Light calling-in-point an ETA to entering the Livingstone Channel and shall report again upon exit. 4. Downbound vessels reporting at Grassy Island Light calling-in-point in advance of the Livingstone Channel will normally have the right of way over upbound vessels which have not reported at the Detroit River Light. However, ice and weather conditions may dictate that upbound vessels are allowed to clear the Livingstone Channel prior to downbound transits. MCTS Sarnia will prioritize traffic as necessary to resolve conflict between upbound and downbound traffic. The Amherstburg channel remains open to navigation, but mariners are advised that aids to navigation remain in an unmonitored status.

LAKE HURON - SAGINAW BAY/General/LAA/RNA/Safety Zone	LAA/RNA	General/LAA/RNA/Safety Zone From: 2026-01-03 To: 2026-07-02 Location: Saginaw Bay, MI The U.S. Coast Guard is establishing a regulated safety zone on the waters of Saginaw Bay, MI. This action is necessary to protect recreational waterway users, from the inherent hazards associated with winter conditions and navigation. The safety zone encompasses all U.S. waters bounded by a continuous line connecting the following points: all U.S. waters bounded by a line from Port Austin Reef Light at 44-04-55.332N, 082-58-56.642W to Tawas Light at 44-14-54.043N, 083-27-32.975W to Saginaw Bay Channel Range Front Light at 43-38-54.355N, 083-51-05.701W, then returning to the point of origin at Port Austin Reef Light. This safety zone will be in effect starting at 8:00 am on Saturday, January 3, 2026, and will apply throughout the winter months. Any vessel wishing to transit through or enter the designated safety zone must request permission at least 72 hours in advance. To do so, contact U.S. Coast Guard Sector Detroit at (833) 388-8724 or VHF/FM CH 16.

TITLE	SUBCATEGORY	DESCRIPTION	LOCATION
Saginaw Bay Channel - Saginaw River/General/Bridges/Maintenance	Bridges	*****REVISED***** MI - LAKE HURON – Saginaw River From December 1, 2024, through March 31, 2025, December 1, 2025, through March 31, 2026, and from December 1, 2026, through March 31, 2027, the Lafayette Street Bridge at Mile 6.78, over the Saginaw River will be secured to masted navigation. Vessels able to pass under the bridge without an opening may do so at any time. Additionally, starting on October 1, 2024, six barges 80x190-foot or smaller will be working under the bridge, and they will move if a 3-hour advance notice is provided by calling 608-475-8851, or 608-610-9374, or 989-293-5892. From December 15, 2024, through November 30, 2025, a cofferdam will be installed that measures approximately 60-feet by 95-feet, that reduces the navigation channel by 4-feet on either side leaving approximately 140-foot channel available for vessels. The red pier lights will be moved to the cofferdam sides to show the temporary reduction in horizontal clearance. From November 4, 2024, through November 15, 2028, trestles will be installed extending outward from shore approximately 50-feet. Flashing yellow lights will warn mariners of the trestle's location. From February 1, 2026, through March 29, 2028, heel girders will be installed on the four corners of the bridge to enable the new drawspan to be opened during construction. These girders will extend an additional 2-feet into the channel reducing the horizontal clearance to approximately 136-feet. During the winter, the ice will degrade due to the movement of barges and the ice under the bridge should be considered unsafe for pedestrians or vehicles. Saginaw Bay Channel - Saginaw River/General/Bridges/Construction	Bridges	*****REVISED***** MI - LAKE HURON – Saginaw River From December 1, 2024, through March 31, 2025, December 1, 2025, through March 31, 2026, and from December 1, 2026, through March 31, 2027, the Lafayette Street Bridge at Mile 6.78, over the Saginaw River will be secured to masted navigation. Vessels able to pass under the bridge without an opening may do so at any time. Additionally, starting on October 1, 2024, six barges 80x190-foot or smaller, will be working under the bridge, and they will move if a 3-hour advance notice is provided by calling 608-475-8851, or 608-610-9374, or 989-293-5892. From December 15, 2024, through November 30, 2025, a cofferdam will be installed that measures approximately 60-feet by 95-feet, that reduces the navigation channel by 4-feet on either side leaving approximately 140-foot channel available for vessels. The red pier lights will be moved to the cofferdam sides to show the temporary reduction in horizontal clearance. From November 4, 2024, through November 15, 2028, trestles will be installed extending outward from shore approximately 50-feet. Flashing yellow lights will warn mariners of the trestle's location. During the winter, the ice will be degraded due to the movement of barges and the ice under the bridge should be considered unsafe for pedestrians or vehicles. [30/24] [44/24] [48/24] [8/24] [11/25]	Lat: 43° 34' 47" Lon: -083° 53' 59"
Saginaw Bay Channel - Saginaw River/General/Bridges/Maintenance	Bridges	MI - LAKE HURON – Saginaw River From December 1, 2025, through March 31, 2026, the Veteran's Memorial Bridge at Mile 5.60 over the Saginaw River will be secured to masted navigation for maintenance. Vessels able to pass under the bridge without an opening may do so at any time. [20/25]	Lat: 43° 35' 46" Lon: -083° 53' 37"
General/Bridges/Maintenance	Bridges	*****REVISED***** MI - LAKE HURON – Saginaw River From December 1, 2025, through March 31, 2026, the Veteran's Memorial Bridge at Mile 5.60 over the Saginaw River will be secured to masted navigation for maintenance. Vessels able to pass under the bridge without an opening may do so at any time. Scaffolding that hangs approximately 4-foot below low steel will be installed under the non-movable spans of the bridge. [20/25] [17NOV25]	Lat: 43° 35' 46" Lon: -083° 53' 37"
