Sector Honolulu, Exclusive Economic Zone (EEZ) - Sector Honolulu, Territorial Sea/General/MSIB	MSIB	The United States Coast Guard Captain of the Port (COTP) Honolulu will set Port Heavy Weather Condition Whiskey for the commercial ports of Hawaii County and Maui County effective August 12, 2026 at 8:00 a.m. HST. All operators should monitor Central Pacific Hurricane Center forecasts, including the Earliest Reasonable Arrival Time of Tropical-Storm-Force Winds. All pleasure craft should seek sheltered waters. To minimize risk, operators of vessels 200 gross tons (GT) and greater should plan to depart port; the COTP may direct departures to reduce the number of vessels in port. Vessels that request to remain in port must submit a safe mooring plan and receive written permission from the COTP and Hawaii DOT Harbors Division (HDOT Harbors). Submit requests immediately—when possible, prior to the setting of Port Condition Whiskey—and note that requests received after Port Condition X-Ray may not be considered. Send requests to D14-DG-SH-SecHono- MTSRU@uscg.mil and the appropriate HDOT Harbors email which is found at https://hidot.hawaii.gov/harbors/hurricane-preparedness/. The HDOT Harbors Request to Remain in Port or Enter the Commercial Harbor form is acceptable for Coast Guard review. Requests will be reviewed by the COTP in consultation with HDOT Harbors. The COTP may restrict the operations of, or deny port entry to, vessels transporting oil or certain hazardous materials. Vessels transiting in the vicinity throughout the State of Hawaii and adjacent waters should seek sheltered waters and anticipate additional restrictions and possible port closures as conditions progress. Mariners should monitor VHF-FM Channels 16 and 22A for Broadcast Notice to Mariners and watch for MSIB updates via email. Monitor the USCG Navigation Center website at Port Status Navigation Center for up-to-date port status information.
