MERCHANT SHIP POSITION-REPORTING SYSTEMS

... Attached are two copies of a publication containing a summary of the available information on the operative characteristics and communication procedures concerning systems for position-reporting by merchant ships for search and rescue purposes.

The publication of this information was approved by the Maritime Safety Committee at its tenth session.

These copies are free of charge. Further copies are on sale from IMCO (price 8s. 0d. or \$1.15)..

Chancery House,
Chancery Lane,
LONDON, W.C.2.
